Representation: As next door neighbours of this site, we have no issue as such with the development proposal. Our only concern is early morning noise, which this proposal has the potential of increasing. Carn Gwaval has an element of early morning noise from the Well Being Centre / Sports Hall / School - alarms going off and electric blowers being used to clear paths etc. My wife is unfortunately in ill health and often sleeps badly. Unreasonable (and avoidable) noise early in the morning causes knock on effects for her. If early morning (pre 8am) noise is kept to a minimum we will have no issue with the application. We are, and wish to remain, good neighbours with the other users of of this area.
