#### General notes:

- Stride Treglown accept no responsibility for omissions and errors made in the production of this base line information or errors in new construction information deriving from the existing survey.
- Drawing to be read in conjunction with all other relevant drawings and documents.
- Main contractor to determine exact location of services/drainage, this should be confirmed on site prior to commencement of works to avoid tree pit / services conflicts.
- Contractor to allow for white lining of parking bays.
- All foundations and base formations to Engineers design and specifications.
- All drainage details to Civil Engineers specification and details.
- All manhole covers within paved areas to be recessed. Manhole covers are to withstand the appropriate loading class within any given area, manufacture and product details are to be confirmed with the Engineer and Landscape Architect.
- External Lighting to Engineers detail and specification.
- All treatment of softwork areas to comply to BS4428 Code of Practice for general landscape operations.
- All native shrub & hedge species plant type supplied for designated areas are to be determined by the proposed planting season. (ie bareroot or container grown stock).
- Works described on this drawing include operations within or close to the root protection areas of very important trees. Excavation to be carried out in accordance with Arboricultural survey requirements. If in doubt, STOP and seek clarification.
