EH ask that noise is monitored throughout the evening to minimise the impact on the surrounding residential areas. This includes the noise generated in the immediate surrounding area (out the front door, and in the 'smoking area'). Please ensure that the checks are recorded for future verification. In addition, we ask that littering is also monitored throughout the evening, with focus on the 'smoking area' at the side of the premise. Please ensure that the areas are cleaned up and the waste generated is disposed of through the appropriate channels.
