Thank you for your consultation on the above dated 19 November 2019

Natural England is a non-departmental public body. Our statutory purpose is to ensure that the natural environment is conserved, enhanced, and managed for the benefit of present and future generations, thereby contributing to sustainable development.

Please find attached the following three documents for submission to the Examination:

Natural England's submissions refer to a statement of common ground agreed between the Council and Natural England. This document (ref SD04) has already been submitted to the Examination.

We would be happy to comment further should the need arise but if in the meantime you have any queries please do not hesitate to contact us.
