Authorities (5th Edition published in March 2015) and Licence Conditions and Codes of
Practice (published in February 2015)*

PART A: INTRODUCTION & PRINCIPLES

1 Introduction

- 1.1 Council of the Isles of Scilly as the local authority for the Isles of Scilly became a “Licensing Authority” under the Gambling Act 2005 (the Act), which came fully into force in 2007 and established a new regime for the regulation of commercial gambling whilst repealing a number of pieces of older law.
- 1.2 The Act requires the Council, along with all other licensing authorities, to publish a statement of principles that will be applied when carrying out its licensing functions. This statement of Licensing Principles fulfils that statutory requirement and details the Council’s general approach to the making of decisions under the Act.
- 1.3 The main function of the Council as a Licensing Authority, through its licensing committee, will be to licence premises where gambling is to take place and issue a range of licences, permits and authorisations for gambling in its area. In addition the licensing authority will have power to impose conditions and review licences.
- 1.4 Additionally, the Council will be empowered by the Act to take enforcement action when an offence under the legislation has been committed or when premises or activities are unlicensed, or licence conditions are not complied with; this will be supported by powers of entry and inspection to ensure compliance.
- 1.5 This document does refer to the Gambling Commission, which has wider functions under the Act and with whom the Council will work alongside as a dual regulator. However, it does not discuss the role and responsibilities of the Commission and any references in this policy will only be insofar as it impacts on, or clarifies, this Authority’s functions. For example, the Commission is exclusively responsible for issuing operator and personal licences, the former of which is a necessity before the Council can consider an application for a premises licence (see page 38 for Gambling Commission details).
- 1.6 The Gambling Commission is also mentioned in this document as being responsible for issuing Codes of Practice and Guidance to licensing authorities regarding the manner in which they are to exercise their functions. This Statement endorses the principles set out in the Gambling Commission Guidance and key licensing objectives and confirms that the Council will take account of all such guidance.

2 Where we are

- 2.1 The Isles of Scilly are made up of over 200 low-lying granite islands and rocks, five of which are inhabited, located in the Atlantic, some 45 kms South West from Land's End. The Islands are reached by ship from Penzance (2.5 hours), or plane from Lands End (15 minutes). The distance and cost of travel mean that the population needs to be self-sufficient in terms of all day-to-day services. The role of the Council as a Unitary Authority and provider of Utilities is of central importance to the community.
- 2.2 During the tourist season extending over 7 months the resident population of 2,100 is considerably increased. The Islands received over 70,000 visitors in 2012 this figure fluctuates up and down depending upon the economy and the weather year on year but imposes significant demands on the local services provided by the Council.
- 2.3 The Isles of Scilly are unique and require a strong management approach to licensing issues. Premises which will impact on the economy of this tiny isolated community will be expected to build into operation plans, sufficient measures to minimise the impact of the premises operation on the residential and other tourism based activities.
- 2.4 It is worth noting that research undertaken by the Gambling Commission "Trends in Gambling Behaviour 2008 - 2014" shows:
- Gambling participation amongst individuals aged 18-34 has increased by nearly 9 percentage points within 2014 when excluding National Lottery draws.
 - Remote gambling participation amongst individuals aged 35-54 notably increased over the past six years, from 10.6% in year to December 2008 to 17.6% in year to December 2014.
 - People under 35 are more likely to undertake most gambling activities, while people over the age of 35 were found to be more likely to enter National Lottery draws, participate in other lotteries, and to bet on horse races
 - Trends in betting participation were mainly increasing; including statistically significant increases in participation in online betting, betting on horse races, and betting on sports and other events.
 - The proportion of individuals in the AB social grade category that bet online increased from 1.6% in the year to June 2009 to 4.3% in the year to December 2014.
- 2.5 There are currently no gambling-only outlets present in the Islands, although there are low value slot machines in some of the premises licensed under the Licensing Act 2003
- 2.6 In order to protect its community and family life, the Council of the Isles of Scilly will require significant risk assessments and control methods to be available with any application for a premises licence.

3 Licensing Objectives

- 3.1 In exercising most of their functions under the Gambling Act 2005, licensing authorities must have regard to the licensing objectives as set out in section 1 of the Act.
- 3.2 The licensing objectives are:
- preventing gambling from being a source of crime or disorder, being associated with crime or disorder or being used to support crime;
 - ensuring that gambling is conducted in a fair and open way; and
 - protecting children and other vulnerable persons from being harmed or exploited by gambling;
- 3.3 It should be noted that the Gambling Commission has stated: “The requirement in relation to children is explicitly to protect them from being harmed or exploited by gambling”.
- 3.4 This licensing authority is aware that, in accordance with Section 153 of the Act, in making decisions about premises licences and temporary use notices it should aim to permit the use of premises for gambling in so far as it thinks these are:
- in accordance with any relevant code of practice issued by the Gambling Commission;
 - in accordance with any relevant guidance issued by the Gambling Commission;
 - reasonably consistent with the licensing objectives; and
 - in accordance with the authority’s statement of licensing policy;

4 Consultation

- 4.1 Licensing authorities are required by the Gambling Act 2005 to publish a statement of the principles that they proposed to apply when exercising their functions - 4.2 The Council of the Isles of Scilly is consulting widely upon this statement before finalising and publishing.
- 4.2 The Gambling Act requires that the following parties are consulted by Licensing Authorities:
- The Chief Officer of Police;
 - One or more persons who appear to the authority to represent the interests of persons carrying on gambling businesses in the authority's area;
 - One or more persons who appear to the authority to represent the interests of persons who are likely to be affected by the exercise of the authority's functions under the Gambling Act 2005.
- 4.3 List of persons we consulted can be found at Appendix F.
- 4.4 Our consultation took place between 23 July to 3 September 2015

- 4.5 The full list of comments made and the consideration by the Council of those comments is available by request to:
- The Licensing Department
Council of the Isles of Scilly
Town Hall
St Mary's
Isles of Scilly
TR21 0LW
- e-mail: Licensing@scilly.gov.uk

It should be noted that this policy statement will not override the right of any person to make an application, make representations about an application, or apply for a review of a licence, as each will be considered on its own merits and according to the statutory requirements of the Gambling Act 2005.

5 Licensing Authority Functions

- 5.1 The Council of the Isles of Scilly as a Licensing Authority is required under the Act to carry out various regulatory functions and will:
- Be responsible for the licensing of premises where gambling activities are to take place by issuing *Premises Licences*
 - Issue *Provisional Statements*
 - Regulate *members' clubs* and *miners' welfare institutes* who wish to undertake certain gaming activities via issuing Club Gaming Permits and/or Club Machine Permits
 - Issue *Club Machine Permits to Commercial Clubs*
 - Grant permits for the use of certain lower stake gaming machines at *unlicensed Family Entertainment Centres*
 - Receive notifications from alcohol licensed premises (under the Licensing Act 2003) for the use of two or fewer gaming machines
 - Issue *Licensed Premises Gaming Machine Permits* for premises licensed to sell/supply alcohol for consumption on the licensed premises, under the Licensing Act 2003, where there are more than two machines
 - Register *small society lotteries* below prescribed thresholds
 - Issue *Prize Gaming Permits*
 - Receive and Endorse *Temporary Use Notices*
 - Receive *Occasional Use Notices*
 - Provide information to the Gambling Commission regarding details of licences issued (see section above on information exchange)
 - Maintain registers of the permits and licences that are issued under these functions

- 5.2 It should be noted that local licensing authorities will not be involved in licensing remote gambling at all. This will fall to the Gambling Commission via operating licences.

6 Declaration:

- 6.1 In producing the final statement, the Council of the Isles of Scilly has had regard to the licensing objectives of the Gambling Act 2005, the guidance issued by the Gambling Commission, and any responses from those consulted on the statement.

7 Responsible Authorities

- 7.1 The licensing authority is required by regulations to state the principles it will apply in exercising its powers under Section 157(h) of the Act to designate, in writing, a body which is competent to advise the authority about the protection of children from harm. The principles are:
- the need for the body to be responsible for an area covering the whole of the licensing authority's area; and
 - the need for the body to be answerable to democratically elected persons, rather than any particular vested interest group.
- 7.2 In accordance with the suggestion in the Gambling Commission's Guidance for local authorities, the Council of the Isles of Scilly designates the Children's Services Department of the Council of the Isles of Scilly for this purpose.
- 7.3 The contact details of all the Responsible Authorities under the Gambling Act 2005 are available via the Council's website and are published in Appendix G.

8 Interested parties

- 8.1 Interested parties can make representations about licence applications, or apply for a review of an existing licence. These parties are defined in the Gambling Act 2005 as follows:
- "For the purposes of this Part a person is an interested party in relation to an application for or in respect of a premises licence if, in the opinion of the licensing authority which issues the licence or to which the applications is made, the person
- a) lives sufficiently close to the premises to be likely to be affected by the authorised activities,
 - b) has business interests that might be affected by the authorised activities, or
 - c) represents persons who satisfy paragraph (a) or (b)"
- 8.2 The licensing authority is required by regulations to state the principles it will apply in exercising its powers under the Gambling Act 2005 to determine whether a person is an interested party.

The principles are:

That each case will be considered and decided on its merits.

The Council of the Isles of Scilly will not be rigid in its decision making. It will take full account of the considerations provided in the Gambling Commission's Guidance for local authorities at 8.14 and 8.15. It will particularly consider the Gambling Commission's Guidance that "has business interests" should be given the widest interpretation and include partnerships, charities, faith groups and medical practices.

- 8.5 Interested parties can be persons who are democratically elected such as councillors and MP's. The Council of the Isles of Scilly will generally require written evidence that a person/body (e.g. an advocate / relative) 'represents' someone who either lives sufficiently close to the premises to be likely to be affected by the authorised activities and/or has business interests that might be affected by the authorised activities. A letter from one of these persons, requesting the representation is sufficient.
- 8.6 If individuals approach Councillors requesting them to represent their views the Councillors concerned are advised to take care to explain and make it clear they cannot be not part of the Licensing Committee which will deal with the specific licence application if they represent views presented to them by applicants, and advise if there are any doubts or concerns the person making the approach should contact the Licensing Authority's licensing department for further advice.

9 Exchange of Information

- 9.1 Licensing authorities are required to include in their statements the principles to be applied by the authority in exercising the functions under sections 29 and 30 of the Act with respect to the exchange of information between it and the Gambling Commission, and the functions under section 350 of the Act with the respect to the exchange of information between it and the other persons listed in Schedule 6 to the Act.
- 9.2 The principle that the Council of the Isles of Scilly applies is that it will act in accordance with the provisions of the Gambling, Act 2005 in its exchange of information which includes the provision that the Data Protection Act 1998 will not be contravened. The Council of the Isles of Scilly will also have regard to any Guidance issued by the Gambling Commission to local authorities on this matter when it is published, as well as any relevant regulations issued by the Secretary of State under the powers provided in the Gambling Act 2005.
- 9.3 Should any protocols be established as regards information exchange with other bodies then they will be made available.
- 9.4 Representations by Interested Parties – such representations will be disclosed in full

to the applicant and to Members determining the application of any hearing. Disclosure will include the identity of the person/body making the representation. Anonymous representations will not be accepted as the licensing authority must be satisfied that the representation is made by an 'interested party' as defined in the Act.

10 Inspection and Criminal Proceedings

- 10.1 Licensing authorities are required by regulation under the Gambling Act 2005 to state the principles to be applied by the authority in exercising the functions under Part 15 of the Act with respect to the inspection of premises; and the powers under section 346 of the Act to institute criminal proceedings in respect of the offences specified.
- 10.2 The Council of the Isles of Scilly's principles are that:
- It will be guided by the Gambling Commission's Guidance for local authorities and will endeavour to be:
- **Proportionate:** regulators should only intervene when necessary: remedies should be appropriate to the risk posed, and costs identified and minimised;
 - **Accountable:** regulators must be able to justify decisions, and be subject to public scrutiny;
 - **Consistent:** rules and standards must be joined up and implemented fairly;
 - **Transparent:** regulators should be open, and keep regulations simple and user friendly; and
 - **Targeted:** regulation should be focused on the problem, and minimise side effects.
- 10.3 Following the Gambling Commission's Guidance for local authorities The Council of the Isles of Scilly will endeavour to avoid duplication with other regulatory regimes so far as possible.
- 10.4 The Council of the Isles of Scilly has adopted and implemented a risk-based inspection programme, based on;
- The licensing objectives
 - Relevant codes of practice
 - Guidance issued by the Gambling Commission, in particular at Part 36
 - The principles set out in this statement of licensing policy
- 10.5 The main enforcement and compliance role for the Council of the Isles of Scilly in terms of the Gambling Act 2005 will be to ensure compliance with the premises licences and other permissions which it authorises. The Gambling Commission will be the enforcement body for the operating and personal licences. It is also worth noting that concerns about manufacture, supply or repair of gaming machines will not be dealt with by the Council of the Isles of Scilly but will be notified to the Gambling Commission.
- 10.6 The Council of the Isles of Scilly will also keep itself informed of developments as regards the work of the Better Regulation Executive in its consideration of the regulatory functions of local authorities.
- 10.7 Bearing in mind the principle of transparency, enforcement/compliance

protocols/written agreements will be available upon request from the licensing department.

- 10.8 The Commission and the Council of the Isles of Scilly views the prevention of illegal gambling as an enforcement priority. Combating illegal gambling is of significant benefit to the licensed community as the provision of illegal unregulated gambling impacts upon the reputation of the industry as a whole. The persistent and widespread existence of illegal gambling also reduces the incentive on operators to be correctly licensed. Those engaged in illegal gambling should expect to be subject to the criminal investigation and prosecution processes and reviews

11 Licence Conditions Codes of Practice (LCCP) - Application of Social Responsibility Codes

- 11.1 The Gambling Commission has issued 'Licence Conditions and Codes of Practice (LCCP) under the Gambling Act 2005 which came into effect on 8 May 2015. These were a significant update on previous LCCP published in 2007 and are in three parts:
- General Conditions attached to operating licences
 - Principal Code of Practice: Social Responsibility provisions and Ordinary provisions
 - General Conditions attached to Personal Licences.
- 11.2 The Council of the Isles of Scilly will expect all applicants to have considered the LCCP and included relevant parts within their application.
- 11.3 In particular, all non-remote licensees 'must assess the local risks to the licensing objectives posed by the provision of gambling facilities at each of their premises, and have policies, procedures and control measures to mitigate those risks. In making risk assessments, licensees must take into account relevant matters identified in the licensing authority's statement of licensing policy' (Social responsibility (SR) code 10.1.1); and
- 11.4 Local risk assessments must be reviewed when there are significant changes in local circumstances (including those identified in a licensing authority's statement of licensing policy) or at the premises, or when applying for a new licence or variation of a licence (SR code 10.1.2).
- 11.5 The Council of the Isles of Scilly may, at its discretion, add conditions from the Gambling Commission LCCPs to any applicants licence as it sees fit.

12 Local Area Risk Assessments

- 12.1 The Commissions Licence Conditions and Codes of Practice (LCCP) (Social Responsibility (SR) code 10.1.1) requires licensees to assess the local risks to the licensing objectives posed by the provision of gambling facilities at their premises.
- 12.2 Licensees are required to undertake a local risk assessment when applying for a new premises licence. The risk assessment must also be updated:
- when applying for a variation of a premises licence
 - to take account of significant changes in local circumstances, including those identified in a licensing authority's policy statement
 - when there are significant changes at a licensee's premises that may affect their mitigation of local risks.
- 12.3 Risk Assessments must be shared with the Council of the Isles of Scilly as part of the application, amendment or review procedures.
- 12.4 Assessment of risk covers the following:
- a. Identify risk factors
 - b. Who can be harmed and how
 - c. Evaluate the risk
 - d. Record and score findings
 - e. Monitor and review
- 12.5 Assessing local risk should therefore provide a means for licensees to address local concerns about gambling premises; and for licensing authorities and gambling licensees to work collaboratively with a view to minimising risks, within the framework of aiming to permit gambling where reasonably consistent with licensing objectives.
- 12.6 A good risk assessment accompanying an application will:
- Enable the licensing authority to see that the applicant has considered the community and the risks within it;
 - Provide greater clarity for operators leading to improved premises licence applications, with the operator already incorporating controls and measures to mitigate risk in their application;
 - Enable the licensing authority to make robust but fair decisions, based on a clear, published set of factors and risks, which are therefore less susceptible to challenge;
 - Encourage a proactive approach to risk that is likely to result in reduced compliance and enforcement action.

- 12.7 The Council of the Isles of Scilly will expect licensees to volunteer specific conditions which could be attached to the premises licence, which take account of the risks contained within the application.

13 Administration, Exercise and Delegation of Function

- 13.1 The Council of the Isles of Scilly's Licensing Committee established to administer its Licensing functions under the Licensing Act 2003 is delegated with the powers under the Gambling Act 2005 to make all decisions relating to premises licences.
- 13.2 To provide a speedy, efficient and cost-effective service the committee has established ~~a number of~~ sub-committees and delegated certain functions and decisions to those sub-committees.
- 13.3 Many of the decision are largely administrative in nature such as, the grant of non-contentious applications, including for example, those licences, permits and notices where no representations have been made. These will be delegated to council officers by the licensing committee.
- 13.4 All decisions taken by the sub-committees and officers will be reported for information to the next full committee meeting.
- 13.5 Applications where there are relevant representations will be dealt with by the licensing committee/sub-committees unless such representations are considered irrelevant, frivolous or vexatious or unless the council, the applicant and all those persons who have made representations agree that a hearing is not necessary.
- 13.6 The table on Appendix C sets out the delegation of functions under the Gambling Act 2005 to the licensing committee, sub-committees and officers. Where appropriate, officers may refer any matter to a sub-committee or a sub-committee to Full Committee.

14 Reviews

- 14.1 Requests for a review of a premises licence can be made by interested parties or responsible authorities; however, it is for the licensing authority to decide whether the review is to be carried-out. This will be on the basis of whether the request for the review is relevant to the matters listed below:
- in accordance with any relevant code of practice issued by the Gambling Commission
 - in accordance with any relevant guidance issued by the Gambling Commission;
 - reasonably consistent with the licensing objectives; and
 - in accordance with the authority's statement of licensing policy.
- 14.2 The request for the review will also be subject to the consideration by the authority as to whether the request is frivolous, vexatious, or whether it will certainly not cause this authority to wish to alter/revoke/suspend the licence, or whether it is substantially the same as previous representations or requests for review.

- 14.3 The licensing authority can also initiate a review of a particular premises licence, or a particular class of premises licence on the basis of any reason which it thinks is appropriate.
- 14.4 Once a valid application for a review has been received by the licensing authority, representations can be made by responsible authorities and interested parties during a 28 day period. This period begins 7 days after the application was received by the licensing authority, who will publish notice of the application within 7 days of receipt.
- 14.5 The licensing authority must carry out the review as soon as possible after the 28 day period for making representations has passed.
- 14.6 The purpose of the review will be to determine whether the licensing authority should take any action in relation to the licence. If action is justified, the options open to the licensing authority are:-
- (a) add, remove or amend a licence condition imposed by the licensing authority;
 - (b) exclude a default condition imposed by the Secretary of State or Scottish Ministers (e.g. opening hours) or remove or amend such an exclusion;
 - (c) suspend the premises licence for a period not exceeding three months; and
 - (d) revoke the premises licence.
- 14.7 In determining what action, if any, should be taken following a review, the licensing authority must have regard to the principles set out in section 153 of the Act, as well as any relevant representations.
- 14.8 In particular, the licensing authority may also initiate a review of a premises licence on the grounds that a premises licence holder has not provided facilities for gambling at the premises. This is to prevent people from applying for licences in a speculative manner without intending to use them.
- 14.9 Once the review has been completed, the licensing authority must, as soon as possible, notify its decision to:
- the licence holder
 - the applicant for review (if any)
 - the Commission
 - any person who made representations
 - the chief officer of police or chief constable; and
 - Her Majesty's Commissioners for Revenue and Customs

15 Diversity and Equality

- 15.1 Subject to the general requirements of the Act, the Licensing Authority will promote equality of opportunity. In such respects, nothing within this statement of licensing principles shall undermine the right of any individual to apply for any of the licences and/or authorisations provided under the terms of the Act.

- 15.2 The Council is aware that some applications may have greater impact on groups, organisations or associations in respect of their race, gender, age, disability, sexuality or religious beliefs. With a view to eliminating unlawful discrimination, applicants will be expected (where appropriate) to address these concerns.
- 15.3 Where applications made by these groups or organisations representing them highlight special needs or customs that may affect their application, the Council, in recognising its duty to promote good relations between persons of different groups, will give consideration to supporting those needs or customs whilst seeking to promote the three licensing objectives.

16 Human Rights

- 16.1 The Human Rights Act 1998 incorporates the European Convention on Human Rights and makes it unlawful for a local authority to act in a way that is incompatible with a Convention Right. The Council will have particular regard to its rights and responsibilities under the Human Rights Act 1998 when determining applications, considering enforcement and reviewing this policy.
- 16.2 The Council will have particular regard to:
- Article 6 – that in determination of civil rights everyone is entitled to a fair and public hearing within a reasonable time by an independent and impartial tribunal established by law;
 - Article 8 – that everyone has the right to respect for his home and private life (removal or restriction of a licence may effect a persons private life); and
- Article 1 of the First Protocol – that every person is entitled to peaceful enjoyment of his or her possessions (a licence is considered a possession in law);

PART C: PREMISES LICENCES

17 General Principles

- 17.1 Premises licences will be subject to the requirements set-out in the Gambling Act 2005 and regulations, as well as specific mandatory and default conditions which will be detailed in regulations issued by the Secretary of State. Licensing authorities are able to exclude default conditions and also attach others, where it is believed to be appropriate.
- 17.2 The Council of the Isles of Scilly is aware that in making decisions about premises licences it should aim to permit the use of premises for gambling in so far as it thinks it: is
- in accordance with any relevant code of practice issued by the Gambling Commission;
 - in accordance with any relevant guidance issued by the Gambling Commission;
 - reasonably consistent with the licensing objectives; and
 - in accordance with the authority's statement of licensing policy.
- 17.3 It is appreciated that as per the Gambling Commission's Guidance for local authorities "moral objections to gambling are not a valid reason to reject applications for premises licences" (except as regards any 'no casino resolution' - see section on Casinos - page 15) and also that unmet demand is not a criterion for a licensing authority.
- 17.4 **Definition of "premises"** – In the Act, "premises" is defined as including "any place". Section 152 therefore prevents more than one premises licence applying to any place. However, a single building could be subject to more than one premises licence, provided they are for different parts of the building and the different parts of the building can be reasonably regarded as being different premises. The Council of the Isles of Scilly will pay particular attention if there are issues about subdivisions of a single building or plot and should ensure that mandatory conditions relating to access between premises are observed. Nonetheless, the Commission and the Council of the Isles of Scilly does not consider that areas of a building that are artificially or temporary separated, for example by an obviously non permanent barrier or partition, can properly be regarded as a different premises.
- 17.5 The Council of the Isles of Scilly in compliance with the Gambling Commission's Guidance for local authorities when considering applications for multiple licenses for a building or those relating to a discrete part of a premises used for other(non gambling) purposes will be particularly aware of the following:
- The third licensing objective seeks to protect children from being harmed by gambling. In practice that means not only preventing them from taking part in gambling, but also preventing them from being in close proximity to gambling. Therefore premises should be configured so that children are not invited to

participate in, have accidental access to or closely observe gambling where they are prohibited from participating.

- Entrances to and exits from parts of a building covered by one or more premises licences should be separate and identifiable so that the separation of different premises is not compromised and people do not “drift” into a gambling area. In this context it should normally be possible to access the premises without going through another licensed premises or premises with a permit.
- Customers should be able to participate in the activity listed on the premises licence.

17.6 The Guidance also gives a list of factors which the licensing authority should be aware of, which may include:

- Do the premises have a separate registration for business rates
- Is the premises’ neighbouring premises owned by the same person or someone else?
- Can each of the premises be accessed from the street or a public passageway?
- Can the premises only be accessed from any other gambling premises?

This authority will consider these and other relevant factors in making its decision, depending on all the circumstances of the case.

The Gambling Commission’s relevant access provisions for each premises type are reproduced below:

Type of Premises	Access Provisions
Casinos	<ul style="list-style-type: none"> • the principal entrance to the premises must be from a ‘street’ • no entrance to a casino must be from premises that are used wholly or mainly by children and/or young persons • no customer must be able to enter a casino directly from any other premises which holds a gambling premises licence.
AGCs	<ul style="list-style-type: none"> • no customer must be able to access the premises directly from any other licensed gambling premises.
Betting shops	<ul style="list-style-type: none"> • access must be from a ‘street’ or from other premises with a betting premises licence • no direct access from a betting shop to another premises used for the retail sale of merchandise or services. In effect there cannot be an entrance to a betting shop from a shop of any kind unless that shop is itself a licensed betting premises.
Tracks	<ul style="list-style-type: none"> • no customer must be able to access the

	premises directly from a casino or AGC
Bingo premises	<ul style="list-style-type: none"> no customer must be able to access the premises directly from a casino, an AGC or a betting premises, other than a track
FECs	<ul style="list-style-type: none"> no customer must be able to access the premises directly from a casino, an AGC or a betting premises, other than a track.

Part 7 of the Gambling Commission’s Guidance to Licensing Authorities contains further guidance on this issue, which this authority will also take into account in its decision-making.

17.7 Premises “ready for gambling”

The Guidance states that a licence to use premises for gambling should only be issued in relation to premises that the licensing authority can be satisfied are going to be ready to be used for gambling in the reasonably near future, consistent with the scale of building or alterations required before the premises are brought into use.

If the construction of a premises is not yet complete, or if they need alteration, or if the applicant does not yet have a right to occupy them, then an application for a provisional statement should be made instead.

In deciding whether a premises licence can be granted where there are outstanding construction or alteration works at a premises, this authority will determine applications on their merits, applying a two stage consideration process:-

- First, whether the premises ought to be permitted to be used for gambling
- Second, whether appropriate conditions can be put in place to cater for the situation that the premises are not yet in the state in which they ought to be before gambling takes place.

Applicants should note that this authority is entitled to decide that it may be appropriate to grant a licence subject to conditions, but it is not obliged to grant such a licence.

More detailed examples of the circumstances in which such a licence may be granted can be found at paragraphs 7.59-7.63 of the Guidance.

17.8 Location – The Council of the Isles of Scilly is aware that demand issues cannot be considered with regard to the location of premises but that considerations in terms of the licensing objectives can. As per the Gambling Commission's Guidance for local authorities the Council of the Isles of Scilly will pay particular attention to the protection of children and vulnerable persons from being harmed or exploited by gambling, as well as issues of crime and disorder. Should any specific policy be decided upon as regards areas where gambling premises should not be located, this statement will be updated. It should be noted that any such policy does not preclude any application being made and each application will be decided on its merits, with the onus upon the applicant showing how potential concerns can be overcome.

- 17.9 **Planning:** In determining applications the Council of the Isles of Scilly will not take into consideration matters that are not related to gambling and the licence objectives.
- 17.10 **Duplication with other regulatory regimes** – The Council of the Isles of Scilly will seek to avoid any duplication with other statutory / regulatory systems where possible, including planning. The Council of the Isles of Scilly will not consider whether a licence application is likely to be awarded planning permission or building regulations approval, in its consideration of the application. It will however, listen to, and consider carefully, any concerns about conditions which are not able to be met by licensees due to planning restrictions, should such a situation arise.
- 17.11 **Licensing objectives** - Premises licences granted must be reasonably consistent with the licensing objectives. With regard to these objectives, the Council of the Isles of Scilly has considered the Gambling Commission's Guidance to local authorities and some comments are made below.
- 17.12 **Conditions** - Any conditions attached to licences will be proportionate and will be:
- relevant to the need to make the proposed building suitable as a gambling facility;
 - directly related to the premises and the type of licence applied for;
 - fairly and reasonably related to the scale and type of premises; and
 - reasonable in all other respects.
- 17.13 Decisions upon individual conditions will be made on a case by case basis, although there will be a number of measures that the Council of the Isles of Scilly will consider utilising should there be a perceived need, such as the use of supervisors, appropriate signage for adult only areas etc. There are specific comments made in this regard under some of the licence types below. The Council of the Isles of Scilly will also expect the licence applicant to offer his/her own suggestions as to way in which the licensing objectives can be, met effectively, which may be by way of the use of CCTV, the removal of cash overnight from gaming machines and an 'Under 21' policy.
- 17.14 The Council of the Isles of Scilly will also consider specific measures which may be required for buildings which are subject to multiple premises licences. Such measures may include the supervision of entrances; segregation of gambling from non-gambling areas frequented by children; and the supervision of gaming machines in non-adult gambling specific premises in order to pursue the licensing objectives. These matters are in accordance with the Gambling Commission's Guidance.
- 17.15 The Council of the Isles of Scilly will also ensure that where category C or above machines are on offer in premises to which children are admitted:
- all such machines are located in an area of the premises which is separated from the remainder of the premises by a physical barrier which is effective to prevent access other than through a designated entrance;
 - only adults are admitted to the area where these machines are located;
 - access to the area where the machines are located is supervised;

- the area where these machines are located is arranged so that it can be observed by the staff or the licence holder; and
- at the entrance to and inside any such areas there are prominently displayed notices indicating that access to the area is prohibited to persons under 18.

These considerations will apply to premises including buildings where multiple premises licences are applicable.

17.16 The Council of the Isles of Scilly is aware that tracks may be subject to one or more than one premises licence, provided each licence relates to a specified area of the track. As per the Gambling Commission's Guidance, the Council of the Isles of Scilly will consider the impact upon the third licensing objective and the need to ensure that entrances to each type of premises are distinct and that children are excluded from gambling areas where they are not permitted to enter.

17.17 It is noted that there are conditions which cannot be attached to premises licences which are:

- any condition on the premises licence which makes it impossible to comply with an operating licence condition;
- conditions relating to gaming machine categories, numbers, or method of operation (in relations to conditions limiting the number of machines, exceptions may apply in the case of tracks where a pool betting operators licence is also held – Sub Section 8 and 9 of Section 172 of the Act applies.
- conditions which provide that membership of a club or body be required (the Gambling Act 2005 specifically removes the membership requirement for casino and bingo clubs and this provision prevents it being reinstated; and
- conditions in. relation to stakes, fees, winning or prizes.

17.18 **Door Supervisors** The Gambling Commission advises in its Guidance to Licensing Authorities that if a licensing authority is concerned that a premises may attract disorder or be subject to attempts at unauthorised access (for example by children and young persons) then it may require that the entrances to the premises are controlled by a door supervisor, and is entitled to impose a condition on the premises licence to this effect.

Where it is decided that supervision of entrances/machines is appropriate for particular cases, a consideration of whether these need to be SIA licensed or not will be necessary. It will not be automatically assumed that they need to be licensed, as the statutory requirements for different types of premises vary (as per the Guidance, Part 33).

18 Adult Gaming Centres

18.1 The Council of the Isles of Scilly will specifically have regard to the need to protect children and vulnerable persons from harm or being exploited by gambling and will expect the applicant to satisfy the authority that there will be sufficient measures to ensure, for example that under 18 year olds do not have access to the premises.

18.2 The Council of the Isles of Scilly may consider measures to meet the licensing objectives such as:

- Proof of age schemes
- CCTV
- Supervision of entrances I machine areas
- Physical separation of areas
- Location of entry
- Notices / signage
- Specific opening hours
- Self-exclusion schemes
- Provision of information leaflets / helpline numbers for organisations such as GamCare.

This list is not mandatory, nor exhaustive, and is merely indicative of example measures.

19 (Licensed) Family Entertainment Centres

19.1 The Council of the Isles of Scilly will specifically have regard to the need to protect children and vulnerable persons from harm or being exploited by gambling and will expect the applicant to satisfy the authority, for example, that there will be sufficient measures to ensure that under 18 year olds do not have access to the adult only gaming machine areas.

19.2 The Council of the Isles of Scilly will expect applicants to offer their own measures to meet the licensing objectives however appropriate measures / licence conditions may cover issues such as:

- CCTV
- Supervision of entrances/machine areas
- Physical separation of area
- Location of entry
- Notices/Signage
- Specific Opening Hours
- Self Exclusion Scheme
- Provision of information leaflets / helpline numbers for organisations such as GamCare
- Measures / training for staff on how to deal with suspected truant school children on the premises

This list is not mandatory, nor exhaustive, and is merely indicative of example measures.

19.3 The Council of the Isles of Scilly will, as per the Gambling Commission's guidance, refer

to the Commission's website to see any conditions that apply to operating licences covering the way in which the area containing the category C machines should be delineated. The Council of the Isles of Scilly will also make itself aware of any mandatory *or* default conditions on these premises licences, when they have been published.

20 Casinos

- 20.1 **No casinos resolution** – For the previous ‘Gambling Statement of Principles, the Council of the Isles of Scilly passed a ‘No Casino Resolution’ Council will be asked to consider this option again at the Council meeting in December. The recommendation will state the following:
- 20.2 The Council of the Isles of Scilly has passed a ‘no casino’ resolution under Section 166 of the gambling Act 2005 at a meeting of the. Full Council on 13 December 2015 (Proposed) This resolution was passed on the basis that a casino did not add to the ethos of the Islands as a family tourist destination. – Potential licence applicants should note that as a 'no-casino' resolution has been passed by this authority no applications for casino premises licences will be considered. Any applications received will be returned with a notification that a 'no-casino' resolution is in place. This paragraph will be reviewed within the general review process of this policy.

21 Bingo Premises

- 21.1 The Council of the Isles of Scilly notes that the Gambling Commission’s Guidance states:
- “18.5 Licensing authorities need to satisfy themselves that bingo can be played in any bingo premises for which they issue a premises licence. An operator may choose to vary their licence to exclude a previously licensed area of that premises, and then apply for a new premises licence, or multiple new premises licences, with the aim of creating separate premises in that area. Essentially providing multiple licensed premises within a single building or site. Before issuing additional bingo premises licences, licensing authorities need to consider whether bingo can be played at each of those new premises.”
- This authority also notes the Guidance at paragraph 18.9 regarding the unusual circumstances in which the splitting of a pre-existing premises into two adjacent premises might be permitted, and in particular that it is not permissible to locate sixteen category B3 gaming machines in one of the resulting premises, as the gaming machine entitlement for that premises would be exceeded.
- “18.7 Children and young people are allowed into bingo premises; however they are not permitted to participate in the bingo and if category B or C machines are made available for use these must be separated from areas where children and young people are allowed.”

22 Betting Premises

- 22.1 **Betting machines** –The Isles of Scilly will, as per the Gambling Commission's Guidance, take into account the size of the premises, the number of counter positions available for person-to-person transactions, and the ability of staff to monitor the use of the machines by children and young persons (it is an offence for those under 18 to bet) or by vulnerable people, when considering the number/nature/circumstances of betting machines an operator wants to offer.

23 Tracks

- 23.1 The Council of the Isles of Scilly will consider applications from venues such as:
- a horse racecourse
 - a greyhound track
 - a point-to-point horserace meeting
 - football, cricket and rugby grounds
 - an athletics stadium
 - a golf course
 - venues hosting darts, bowls, or snooker tournaments
 - a premises staging boxing matches
 - a section of river hosting a fishing competition
 - a motor racing event.
- 23.2 The Council of the Isles of Scilly is aware that tracks may be subject to one or more than one premises licence, provided each licence relates to a specified area of the track. As per the Gambling Commission's Guidance, the Council of the Isles of Scilly will especially consider the impact upon the third licensing objective (i.e. the protection of children and vulnerable persons from being harmed or exploited by gambling) and the need to ensure that entrances to each type of premises are distinct and that children are excluded from gambling areas where they are not permitted to enter.
- 23.3 . It is noted that children and young persons' will be permitted to enter track areas where facilities for betting are provided on days when dog-racing and/or horse racing takes place, but that they are still prevented from entering areas where gaming machines (other than category D machines) are provided.
- 23.4 The Council of the Isles of Scilly will expect applicants to offer their own measures to meet the licensing objectives however appropriate measures / licence conditions may cover issues such as
- Proof of age schemes
 - CCTV
 - Supervision of entrances / machine areas
 - Physical separation of areas

- Location of entry
- Notices / signage
- Specific opening hours
- Self-Exclusion schemes
- Provision of information leaflets / helpline numbers for organisations such as GamCare

This list is not mandatory, nor exhaustive, and is merely indicative of example measures.

- 23.5 **Gaming machines** Where the applicant holds a pool betting operating licence and is going to use the entitlement to four gaming machines, machines (other than category D machines) should be located in areas from which children are excluded.
- 23.6 **Self Service Betting Terminals (SSBTs):** S.235(2)(c) of the Act provides that a machine is not a gaming machine by reason only of the fact that it is designed or adapted for use to bet on future real events. Licensed operators may install SSBTs on tracks. There is no restriction on the number of SSBTs that may be in use but operators must, by virtue of their operating licence conditions, supervise such terminals to prevent them being used by those under 18 years of age.
- 23.6 **Condition on rules being displayed:** - The Gambling Commission has advised in its Guidance for local authorities that “The track premises licence holder should make the necessary arrangements to ensure that betting rules are accessible to all customers, regardless of which area of the track they are in”...For example, the rules could be printed in the race-card or made available in leaflet form from the track office.
- 23.7 **Applications and plans** – The Gambling Act (s51) requires applicants to submit plans of the premises with their application, in order to ensure that the licensing authority has the necessary information to make an informed judgement about whether the premises are fit for gambling. The plan will also be used for the licensing authority to plan future premises inspection activity. (See Guidance to Licensing Authorities, para 20.43).
- 23.8 Plans for tracks do not need to be in a particular scale, but should be drawn to scale and should be sufficiently detailed to include the information required by regulations. (See Guidance to Licensing Authorities, para 20.44).
- 23.9 The Council of the Isles of Scilly appreciates that it is sometimes difficult to define the precise location of betting areas on tracks. The precise location of where betting facilities are provided is not required to be shown on track plans, both by virtue of the fact that betting is permitted anywhere on the premises and because of the difficulties associated with pinpointing exact locations for some types of track. Applicants should provide sufficient information that this authority can satisfy itself that the plan indicates the main areas where betting might take place

24 Travelling Fairs

- 24.1 It will fall to the Council of the Isles of Scilly to decide whether, where category D machines and / or equal chance prize gaming without a permit is to be made available for use at travelling fairs, the statutory requirement is that the facilities for gambling amount to no more than an ancillary amusement at the fair is met.
- 24.2 The Council of the Isles of Scilly will also consider whether the applicant falls within the statutory definition of a travelling fair (refer to Appendix B for definitions)

25 Provisional Statements

- 25.1 Developers may wish to apply to this authority for provisional statements before entering into a contract to buy or lease property or land to judge whether a development is worth taking forward in light of the need to obtain a premises licence. There is no need for the applicant to hold an operating licence in order to apply for a provisional statement.
- 25.2 S204 of the Gambling Act provides for a person to make an application to the licensing authority for a provisional statement in respect of premises that he or she:
- expects to be constructed;
 - expects to be altered; or
 - expects to acquire a right to occupy.
- 25.3 The process for considering an application for a provisional statement is the same as that for a premises licence application. The applicant is obliged to give notice of the application in the same way as applying for a premises licence. Responsible authorities and interested parties may make representations and there are rights of appeal.
- 25.4 The holder of a provisional statement may then apply for a premises licence once the premises are constructed, altered or acquired. The licensing authority will be constrained in the matters it can consider when determining the premises licence application, and in terms of representations about premises licence applications that follow the grant of a provisional statement, no further representations from relevant authorities or interested parties can be taken into account unless:
- they concern matters which could not have been addressed at the provisional statement stage, or
 - they reflect a change in the applicant's circumstances.
- 25.5 In addition, the authority may refuse the premises licence (or grant it on terms different to those attached to the provisional statement) only by reference to matters:
- which could not have been raised by objectors at the provisional statement stage;
 - which in the authority's opinion reflect a change in the operator's circumstances; or
 - where the premises has not been constructed in accordance with the plan submitted with the application. This must be a substantial change to the plan and this licensing authority notes that it can discuss any concerns it has with the applicant before making a decision.

PART D: PERMITS, TEMPORARY AND OCCASIONAL USE

26 Unlicensed Family Entertainment Centre gaming machine permits (Statement of Principles on Permits - Schedule 10 paragraph 7)

- 26.1 Where a premises does not hold a premises licence but wishes to provide gaming machines, it may apply to the licensing authority for this permit. It should be noted that the applicant must show that the premises will be wholly or mainly used for making gaming machines available for use (Section 238).
- 26.2 The Gambling Act 2005 states that a licensing authority may prepare **A Statement Of Principles** that they propose to consider in determining the suitability of an applicant for a permit and in preparing this statement, and/or considering applications, it need not (but may) have regard to the licensing objectives and shall have regard to any relevant guidance issued by the Commission. The Gambling Commission's Guidance for local authorities also states: "In its Licensing Authority Statement of Policy, a licensing authority may include a statement of principles that it proposes to apply when exercising its functions in considering applications for permits. In particular it may want to set out the matters that it will take into account in determining the suitability of the applicant. Given that the premises will particularly appeal to children and young persons, licensing authorities may want to give weight to matters relating to child protection issues.(24.6)"
- 26.3 The Guidance also states: "...An application for a permit may be granted only if the licensing authority is satisfied that the premises will be used as an unlicensed FEC, and if the chief officer of police has been consulted on the application Licensing authorities might wish to consider asking applications to demonstrate
- a full understanding of the maximum stakes and prizes of the gambling that is permissible in unlicensed FECs;
 - that the applicant has no relevant convictions (those that are set out in Schedule 7 of the Act; and
 - that staff are: trained to have a full understanding of the maximum stakes and prizes. (24.7)
- 26.4 It should be noted that a licensing authority cannot attach conditions to this type of permit.
- 26.5 **Statement of Principles** The Council of the Isles of Scilly will expect the applicant to show that there are policies and procedures in place to protect children from harm. Harm in this context is not limited to harm from gambling but included wider child protection considerations. The efficiency of such policies and procedures will each be considered on their merits, however, they may include appropriate measures/training for staff as regards suspected truant school children being on the premises, measures/training covering how staff would deal with unsupervised very young' children being on, the premises or children causing perceived problems on/around the premises
- 26.6 The Council of the Isles of Scilly would also expect as per the Gambling Commissions Guidance that applicants demonstrate a full understanding of the maximum stakes and prizes of the gambling that is permissible in unlicensed FECs; that the applicant has no relevant convictions (those that are set out in Schedule 7 of the Act); and that staff are trained to have a full understanding of the maximum stakes and prizes. In addition, detailed plans of the premises should be submitted and the licensing authority will require evidence of public liability insurance.

27 (Alcohol) Licensed premises gaming machine permits - (Schedule 13 paragraph 4(1))

- 27.1 There is provision in the Act for premises licensed to sell alcohol for consumption on the premises, to automatically have 2 gaming machines, of categories C and/or D. The premises merely need to notify the licensing authority. The licensing authority can remove the automatic authorisation in respect of any particular premises if:
- provision of the machines is not reasonably consistent with the pursuit of the licensing objectives;
 - gaming has taken place on the premises that breaches a condition of section 282 of the Gambling Act (i.e. that written notice has been provided to the licensing authority, that a fee has been provided and that any relevant code of practice issued by the Gambling Commission about the location and operation of the machine has been complied with);
 - the premises are mainly used for gaming; or
 - an offence under the Gambling Act has been committed on the premises.
- 27.2 If a premises wishes to have more than 2 machines, then it needs to apply for a permit and the licensing authority must consider that application based upon the licensing objectives, any guidance issued by the Gambling Commission issued under the Gambling Act 2005, and "*such matters as they think relevant.*" The Council of the Isles of Scilly considers that "such matters" will be decided on a case by case basis but generally there will be regard to the need to protect children and vulnerable persons from being harmed or being exploited by gambling and will expect the applicant to satisfy the authority that there will be sufficient measures to ensure that those under the age of 18 years do not have access to the adult only gaming machines.
- 27.3 Measures which will satisfy the authority that there will be no access, which may include the adult machines being in sight of the bar, or in the sight of staff who will monitor that the machines are not being used by those under 18. Notices and signage may also be help. As regards the protection of vulnerable persons applicants may wish to consider the provision of information leaflets / helpline numbers for organisations such as GamCare.
- 27.4 It is recognised that some alcohol licensed premises may apply for a premises licence for their non-alcohol licensed areas. Any such application would most likely need to be applied for, and dealt with as an Adult Gaming Centre premises licence.
- 27.5 It should be noted that the Licensing Authority can grant the licence with a smaller number of machines and/or a different category or machines that that applied for. Conditions, other than these, cannot be attached.

28 Prize Gaming Permits – (Statement of Principles on Permits – Schedule 14 paragraph 8 (3))

- 28.1 The Gambling Act 2005 states that a licensing authority may “prepare a statement of principles that they propose to apply in exercising their functions under this Schedule” which “may, in particular, specify matters that the licensing authority propose to consider in determining the suitability of the applicant for a permit”.
- 28.2 The Council of the Isles of Scilly has prepared a Statement of Principles which is that the applicant should set out the types of gaming that he or she is intending to offer and that the applicant should be able to demonstrate:
- that they understand the limits to stakes and prizes that are set out in Regulations;
 - and that the gaming offered is within the law;
 - Clear policies that outline the steps to be taken to protect children from harm.
- 28.3 In making its decision on an application for this permit the Council of the Isles of Scilly may, but does not need to have regard to the licensing objectives but must have regard to any Gambling Commission guidance.
- 28.4 It should be noted that there are conditions in the Gambling Act 2005 by which the permit holder must comply, but that the licensing authority cannot attach conditions. The conditions in the Act are
- the limits on participation fees, as set out in regulations, must be complied with;
 - all chances to participate in the gaming must be allocated on the premises on which the gaming is taking place and on one day; the game must be played and completed on the day the chances are allocated; and the result of the game must be made public in the premises on the day that it is played;
 - the prize for which the game is played must not exceed the amount set out in regulations (if a money prize), or the prescribed value (if non-monetary prize); and
 - participation in the gaming must not entitle the player to take part in any other gambling.

29 Club Gaming and Club Machines Permits

- 29.1 Members Clubs and Miners’ welfare institutes (but not Commercial Clubs) may apply for a Club Gaming Permit or a Clubs Gaming machines permit. The Club Gaming Permit will enable the premises to provide gaming machines (3 machines of categories B, C or D), equal chance gaming and games of chance as set-out in forthcoming regulations.
- 29.2 Gambling Commission Guidance states: “Members clubs must have at least 25

members and be established and conducted “wholly or mainly” for purposes other than gaming, unless the gaming is permitted by separate regulations. The Secretary of State has made regulation and these cover bridge and whist clubs, which replicates the position under the Gambling Act 1968. A members’ club must be permanent in nature, not established to make commercial profit, and controlled by its members equally. Examples include working men’s clubs, branches of Royal British Legion and clubs with political affiliations.”

- 29.3 The Commission Guidance also notes that "licensing authorities may only refuse an application on the grounds that:
- (a) the applicant does not fulfil the requirements for a members’ or commercial club or miners’ welfare institute and therefore is not entitled to receive the type of permit for which it has applied;
 - (b) the applicant’s premises are used wholly or mainly by children and/or young persons;
 - (c) an offence under the Act or a breach of a permit has been committed by the applicant while providing gaming facilities;
 - (d) a permit held by the applicant has been cancelled in the previous ten years; or
 - (e) an objection has been lodged by the Commission or the police.
- 29.4 There is also a ‘fast-track’ procedure available under the Act for premises which hold a Club Premises Certificate under the Licensing Act 2003 (Schedule 12 paragraph 10). As the Gambling Commission’s Guidance for local authorities states: "Under the fast-track procedure there is no opportunity for objections to be made by the Commission or the police, and the ground upon which an authority can refuse a permit are reduced." and "The grounds on which an application under the process may be refused are:
- (a) that the club is established primarily for gaming, other than gaming prescribed under schedule 12;
 - (b) that in addition to the prescribed gaming, the applicant provides facilities for other gaming; or
 - (c) that a club gaming permit or club machine permit issued to the applicant in the last ten years has been cancelled."
- 29.5 There are statutory conditions on club gaming permits that no child uses a category B or C machine on the premises and that the holder complies with any relevant provision of a code of practice about the location and operation of gaming machines.

30 Temporary Use Notices (TUN)

- 30.1 Temporary Use Notices allow the use of premises for gambling where there is no premises licence but where a gambling operator wishes to use the premises temporarily for providing facilities for gambling. Premises that might be suitable for a Temporary Use Notice, according the Gambling Commission, would include hotels, conference centres and sporting venues.

- 30.2 The licensing authority can only grant a Temporary Use Notice to a person or company holding a relevant operating licence, i.e. a non-remote casino operating licence.
- 30.3 The Secretary of State has the power to determine what form of gambling can be authorised by Temporary Use Notices, and at the time of writing this Statement the relevant regulations (SI no 3157: The Gambling Act 2005 (Temporary Use Notices) Regulations 2007) state that Temporary Use Notices can only be used to permit the provision of facilities or equal chance gaming, where the gaming is intended to produce a single winner, which in practice means poker tournaments.
- 30.4 There are a number of statutory limits as regards Temporary Use Notices. The meaning of "premises" in Part 8 of the Act is discussed in Part 7 of the Gambling Commission Guidance to Licensing Authorities. As with "premises", the definition of "a set of premises" will be a question of fact in the particular circumstances of each notice that is given. In the Act "premises" is defined as including "any place".
- 30.5 In considering whether a place falls within the definition of "a set of premises", the licensing authority needs to look at, amongst other things, the ownership/occupation and control of the premises.
- 30.6 This licensing authority expects to object to notices where it appears that their effect would be to permit regular gambling in a place that could be described as one set of premises, as recommended in the Gambling Commission's Guidance to Licensing Authorities.

31 Occasional Use Notices: (OUN)

- 31.1 An occasional use notice permits licensed betting operators to use tracks for betting at on eight days or less in a calendar year , where the event concerned is of a temporary nature. Betting may therefore be permitted by an occasional use notice without the need for a full premises licence.
- 31.2 The licensing authority has very little discretion as regards these notices aside from ensuring that the statutory limit of 8 days in a calendar year is not exceeded. The Council of the Isles of Scilly will though, consider the definition of a 'track' and whether the applicant is permitted to avail him/herself of the notice.
- 31.3 Tracks are normally thought of as permanent race courses, but the meaning of track not only covers horse racecourses or dog tracks, but also any other premises on any part of which a race or other sporting event takes place. Although the track need not be a permanent fixture, land use temporarily as a track providing races or sporting events may qualify.
