To whom it may concern,

Please accept this letter in support of our application for works to improve The Doghouse. As you can see from our plans we are very much hoping to turn this pleasant bedsit into a modest family home. My partner Rachael, a permanent full time teacher on the islands, currently resides in rented accommodation elsewhere on the island with her fourteen year old son. It is our intention to move in together as a family and these plans are necessary to realise that decision. I very much hope that they meet with your approval and that we can create a family home which will serve us for years to come.

Yours sincerely
