Council of the Isles of Scilly
Town Hall
The Parade
St Mary's
Isles of Scilly
TR21 0LW

Dear Mr King

Re: P/15/027/FUL&P/15028/LBC
Top Flat, Riviera House, The Parade, St Mary's

Thank you for your E Mail of the 10th APRIL

As requested we enclose the following:-

Photograph indicating the windows to be replaced and their sizes.

An illustration of the frame configuration with a note as to the number of panes required to match the existing windows.

Heritage Impact Statement:- The existing windows are rotten in parts and need to be replaced rather than be repaired.

The windows will look like the existing, but made of hardwood and painted white.

We wish to improve the specification to increase efficiency of the building as regards heat loss, outside noise penetration, and reduction of condensation.

We trust this information will enable the Council to grant planning consent.

Yours sincerely

Mary Hampton
