

Peter M. Smith
Studio 3 - Portlao
St. Mary's,
Isle of Scilly
(7 JULY 2015)

The planning officer concerned,
I'm writing to support the need for a signpost &
finger boards proposed to be positioned at the fork
of the coastal path/melby footpath -
this will inform visitors the directions of various
studios & workshops including path to which they
are apart.

At present there is no obvious help or guidance to
the above & so would be a great help to not
only the businesses but to the visitors

Yours
