

**THE LOOKOUT
BRYHER
ISLES OF SCILLY
TR23 OPR**

18th July 2014

Dear Councillors,

REF: P/15/046/FUL

We are writing in support of the above planning application.

If this application is approved it gives us the opportunity for another young family on the island. We are all aware that this is something that we need, to have full-time residents, who will work and participate in Island life. There have been four houses sold over the past few years and all as holiday homes, so we must all do we can to make sure the opportunity to have this family on the island does not slip away from us. The approval of this planning application is necessary for the sale to go through.

- 1 - The building is not visible from the road and has no impact on any surrounding properties, and will provide high quality accommodation which is what we are striving for.
- 2 – Another property that sleeps just two people is also something that is needed, as a lot of couples do prefer the smaller units.
- 3 – Samson Hill guesthouse is closing at the end of the season, so we will lose four potential visitors there.

We strongly support this application and we hope that by granting planning permission you will realise the advantages for the Island.

Your sincerely

KATHY & DAVID STEDEFORD
