Subject: RE: EIA Consideration P/15/052/FUL

Hello Lisa

We wouldn't have an opinion on the boathouse itself, being above the Mean High Water Springs mark and therefore out of our remit but they would certainly have to submit an application for the new slipway, which does cross the MHWS boundary.

Regards
Andy

Hi There

I wonder if you could advise me of your response to the application (not currently valid) and whether the applicants would need to apply to you for this work?

Thanks
Lisa

Hi There

The Local Planning Authority are in receipt of a full planning application for a boat store and new slip at New Grimsby, Tresco. The application is not currently valid because the information provided in relation to the slip is considered insufficient. I wonder, however if you're able to advise me as to whether you would consider the proposal to require an Environmental Impact Assessment? The development would come under 10 (m) of Schedule 2 of the EIA Regulations, and as such I consider it would.

Regards
Lisa
