Subject: Men-a-vaur plans for two new blocks

Hi

I have just seen the proposal for the two new staff blocks at Men-a-Vaur, Church Rd. I'm afraid that I for one am against them.

The garden there is lovely with several trees in it giving Branksea close a nice feel. Chopping these down and building staff blocks will not only take away the homes of several birds and other wildlife but also create an eye sore for residents of Branksea close and Rams valley and also I'm guessing there will be a lot of noise created in this quiet area by the large number of seasonal workers that will live there.

I don't really see why the staff blocks at tregarthens should be knocked down if they still need them. I see from the website that the applicant doesn't even live on Scilly.

The house alterations on the other hand I don't have a problem with.

Thanks

Sarah Lock

2 Branksea Close, Church Rd. St. Mary's, Isles of Scilly, TR21 0ND
