11<sup>th</sup> April 2016

**P/16/025/FUL Erection of new agricultural building, Seaways Farm, Land at Porthloo, St Mary's,  
Isles of Scilly. PP – 04924981**

Dear Lisa

Thank you for your letter of 6<sup>th</sup> April 2016.

Regarding the existing and proposed site levels, Terry Hiron MRICS of Clowdisley, St Mary's, who produced the original drawings for this proposal, has kindly offered to produce a further set of drawings showing these levels. He has offered to submit these to you direct, on my behalf, prior to the 20<sup>th</sup> of this month.

Regarding the other information you have requested, please find the following documents enclosed:

1. A detailed Site and Waste Management Plan. Please let me know should you require further information on this regard.
2. A location plan showing the area I farm outlined in blue. This proposed building will enhance the productivity of the whole farm as shown, as well as contributing to the well being of the wider land based economy on the islands; specifically, by facilitating the continued growth and development of new and established supply chains and routes to market for the islands' produce.

Yours sincerely
