St. Mary's,
I.O.S. TR21 0NE*

To the Senior Planning and Development Officer,
Town Hall
St. Mary's
I.O.S. TR21 0LW

9th May 2016.

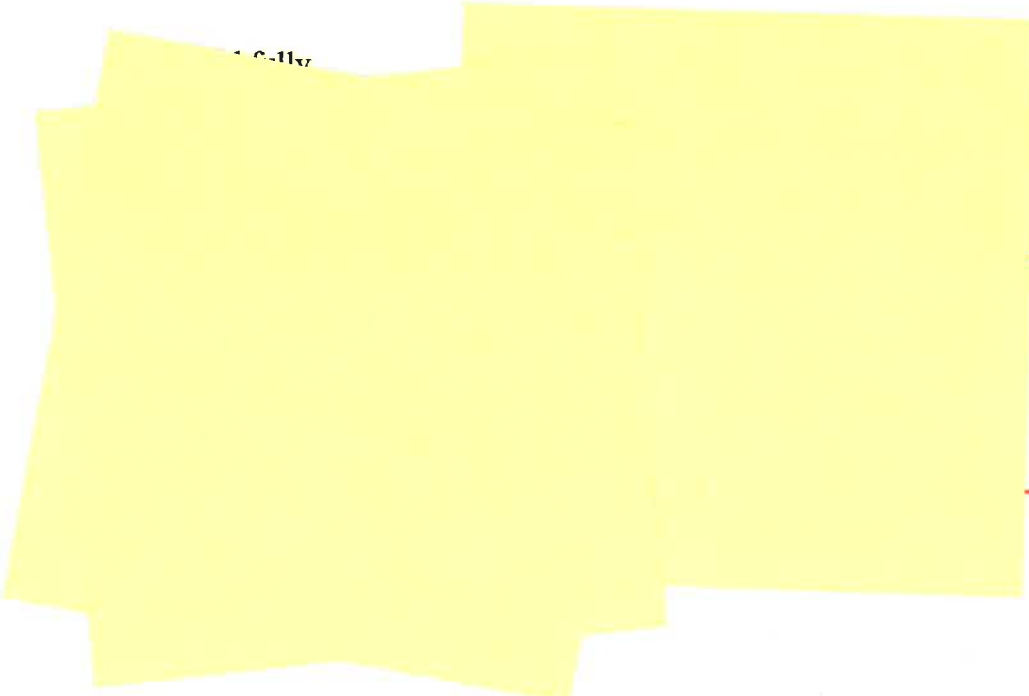

Dear Sir,

**Planning Ref. P/16/038/FUL
Sunholme, St. Mary's**

With reference to the re-submission of the refused application P/16/003/FUL we would like to make a couple of comments;

- we feel the revised plan is in keeping with the area and welcome the design,
- however we are disappointed the ridge height will exceed that of the existing building.

Our disappointment arises as we were restricted to original roof height when we put the dormer windows into our dwelling, Avalon We were firmly told these two buildings were considered to be a pair – hence the need to keep the ridge height the same.
