**Full Name:** Marie Gibson

**E-Mail Address:** *PROVIDED*

**Your Address:**

Craggyellis

Porthcressa

St Mary's

Isles of Scilly

**Representation:** I wish to register my objection to the change of use of Treboeth into staff accommodation. It is unreasonable to take away existing on site staff accommodation to then use accommodation in residential areas for such a purpose. My concern is both noise and for the upkeep of the property. Other examples of such accommodation suggests that budgets for the maintenance and appearance of such buildings are very limited. The area around Treboeth is a very quiet residential area away from the ambient noise of the town and the nature of the working hours of staff and their need to socialise is bound to cause noise issues for the surrounding houses. Additionally it takes yet another property out of the pool for local housing needs, where provision for staff can be made on site by the business concerned.
