St. Mary's,

16th July, 2016.

Dear Mrs. Dalton.

Re. Reference No. P/16/062/FUL.

Thank you for your letter regarding the above alterations to the boundary wall + insertion of single + double gates to 'Park View', 11, The Parade.

Mr. Terry Firon has already written to you regarding this matter for and on behalf of all the owners of each flat in Harbour View Mansions.

I am willing to confirm my objections to the application too, as the said single and double gates ^{access} would be right across our forecourt which is PRIVATE to 'Harbour View' and we would not want it used for vehicles crossing through it. 'Park View' already have their own adequate boundary access path at the right-hand side of our forecourt with an entrance gate in boundary wall!

Also if window to new facade is granted I feel it should be frosted (or similar) as it is directly opposite downstairs flat 2 bedroom windows and our private forecourt. I see they have already made provision for the said window before planning has been permitted! I hope they have not already purchased extra gates too!

With thanks,

Yours sincerely,
L

(Flat 6 - Harbour View Mansions)
