**Subject:** Planning application for Park View , St. Mary's

Dear Lisa, For my sins I have been talked in to being the secretary of the Harbour View Management company . I have looked at the above application and see that they wish to install double doors opening on to our forecourt? At present the occupiers of Park View have a pedestrian access and the right to pass and repass along a 3 Feet wide strip of land furthest from Harbour View to give access to Thorofare. They have no right to cross our forecourt and I can only assume double doors are for some kind of vehicle ( Golf Buggy I have been told ).

I would ask you to disallow these doors as it will cause all sorts of problems and we would not allow access to them aas the residents have decided to improve the forecourt with a garden of some sort ,

Yours sincerely , Terry
