Subject: Planning Application Representation; P/16/111

Dear Sirs,

We are writing in support of this planning application. Island Fish has been a great innovative new business on Bryher and very much appreciated by locals and visitors. Having run businesses on Bryher for over 50 years from our home we know how disruptive this can be. This is the sort of initiative that we should be encouraging, with three generations working and earning a living from one business, with the youngest being 16 it is enabling us to keep our local young people here.

Our only reservation is that we will be losing a residential home, but with assurance from the Duchy that they do intend to replace the bed spaces elsewhere on the Island we wholly heartily support this application.

Yours faithfully

Kathy & David Stedeford
