Full Name: Anna Ward

Your Address:

The Moos
Normandy Farm
St Mary's
Isles of Scilly

Representation:

Dear Mrs Walton

I feel it necessary to write in support for the proposed plans for Roanoke.

I have been in the house and am able to confidently say that the family are in need of more living space as they grow.

The Mays are a local family who want to create a better family home for their children. It is a shame that there is such little support for people who are simply trying to improve their living space. They are not trying to upset their neighbours, they just want to make more of their home so that they can continue living happily in this beautiful place.

I hope that the changes they have made are noted and truly show that they have taken people's comments on board.

Housing is a huge issue on these Islands and I hope that the Council members are able to see that the extension of this property is nothing but a positive for a young, local family.

Yours Sincerely

Anna Ward
