**Representation:**

Planning Application P/17/040

I would like to register my support for the above application. The site being opposite Mother's address, I know the site well. Having studied the plans, we feel this application has been thought through very well and in sympathy with the surrounding area. With very little height added to the roof, this should have little effect on the neighbours except to improve both the north and south elevations.

Well done the applicants.

Rhona Holland
