Town and Country Planning Act 1990  
Town and Country Planning (Development Management Procedure) Order 2010

---

### **PERMISSION FOR DEVELOPMENT**

**Application No:** P/17/042/FUL

**Date Application Registered:** 26th May 2017

**Applicant:** Mr & Mrs Timothy Garratt  
Maypole Cottage  
Maypole  
St Mary's  
Isles Of Scilly  
TR21 0NU

**Site Address:** Maypole Cottage Maypole St Mary's Isles Of Scilly TR21 0NU

**Proposal:** Erection of single storey lean-to extension to rear of dwelling to expand living space.

In pursuance of their powers under the above act, the Council hereby PERMIT the above development to be carried out in accordance with the following Conditions:

- C1 The development hereby permitted shall be begun before the expiration of three years from the date of this permission.**

Reason: In accordance with the requirements of Section 18 of the Planning (Listed Buildings and Conservation Areas) Act 1990 (as amended).

- C2 2. The development hereby permitted, shall be carried out in accordance with the approved details only including:**
- o The Location Plan - Scale of 1:1250 and dated 15th May 2017**
  - o The existing Site Plan - Scale of 1:500 and dated 15th May 2017**
  - o The proposed Site Plan - Scale of 1:500 and dated 12th May 2017**
  - o Proposed Plans - Drawing Number 10/0746-02**

**These are signed and stamped as APPROVED**

Reason: For the clarity and avoidance of doubt and in the interests of the character and appearance of the Conservation Area, Area of Outstanding Natural Beauty and Heritage Coast in accordance with Policy 1 of the Isles of Scilly Local Plan 2005.

#### **PRE-COMMENCEMENT CONDITION – Site Waste Management Plan**

- C3 Prior to the commencement of the approved development, a scheme including details of the sources of all building materials and the means/ location of disposal of all demolition material**

**and all waste arising from building works, shall be submitted to and agreed in writing with the Planning Authority. The development shall thereafter proceed in strict accordance with the approved scheme only.**

Reason: This is a pre-commencement condition that requires details that were not submitted as part of the application, but are required to fully understand the impact upon landscape and management of waste, to be submitted and agreed by the Local Planning Authority. This is to ensure those characteristics which contribute to the status of the Isles of Scilly as a Conservation Area, Area of Outstanding Natural Beauty and Heritage Coast are not eroded by uncontrolled tipping of waste. In accordance with the requirements of Policy 1 of the Isles of Scilly Local Plan 2005.

#### **PRE-COMMENCEMENT CONDITION – Written Scheme of Investigation**

- C4**     **A) No development shall commence until a programme of archaeological work including a Written Scheme of Investigation has been submitted to and approved by the local planning authority in writing. The scheme shall include an assessment of significance and research questions, and:**
- 1. The programme and methodology of site investigation and recording**
  - 2. The programme for post investigation assessment**
  - 3. Provision to be made for analysis of the site investigation and recording**
  - 4. Provision to be made for publication and dissemination of the analysis and records of the site investigation**
  - 5. Provision to be made for archive deposition of the analysis and records of the site investigation**
  - 6. Nomination of a competent person or persons/organisation to undertake the works set out within the Written Scheme of Investigation**
- B) No development shall take place other than in accordance with the Written Scheme of Investigation approved under condition (A).**
- C) The development shall not be occupied until the site investigation and post investigation assessment has been completed in accordance with the programme set out in the Written Scheme of Investigation approved under condition (A) and the provision made for analysis, publication and dissemination of results and archive deposition has been secured.**
- [Note: The archaeological recording condition will normally only be discharged when all elements of the WSI including on site works, analysis, report, publication (where applicable) and archive work has been completed.]**

Reason: This is a pre-commencement condition that requires details that were not submitted as part of the application, but are required to fully understand the impact upon the Islands archaeological, historic and built environment, to be submitted and agreed by the Local Planning Authority. This is to ensure those characteristics which contribute to the status of the Isles of Scilly as a Conservation Area, Area of Outstanding Natural Beauty and Heritage Coast are preserved or enhanced. In accordance with the requirements of Policy 1 of the Isles of Scilly Local Plan 2005.

#### **PRE-COMMENCEMENT CONDITION – Slate Sample**

- C5**     **Prior to their installation, a sample of the natural slate to be used on the development, on both the roof of the proposed extension and the roof of the stone workshop, shall be submitted to and agreed in writing with the Local Planning Authority. The development shall thereafter proceed in strict accordance with the approved scheme only.**

Reason: This is a pre-commencement condition that requires details that were not submitted as part of the application, but are required to fully understand and to ensure that the development harmonises with its surroundings and contributes to the preservation of the character and appearance of the Conservation Area in accordance with Policies 1 and 2 of the Isles of Scilly Local Plan 2005, to be submitted and agreed by the Local Planning Authority.

- C6 Notwithstanding the approved plans, the roof lights to be installed in the proposed extension shall be flush fitting conservation style roof lights, with an integral central, vertical glazing bar and thereafter retained as such, unless an alternative is otherwise agreed by the Local Planning Authority.**

Reason: To minimise the impact of the building in the landscape.

#### **Further Information**

- 1 In dealing with this application, the Council of the Isles of Scilly has actively sought to work with the applicants in a positive and proactive manner, in accordance with paragraphs 186 and 187 of the NPPF.
- 2 In accordance with the Town and Country Planning (fees for Applications, Deemed Applications, Requests and Site Visits) (England) Regulations 2012 a fee is payable to discharge any condition(s) on this planning permission. The fee is £28 for each request to discharge condition(s). The fee is payable for each individual request made to the Local Planning Authority.
- 3 In accordance with the provisions of Section 96A of the Town and Country Planning Act which came into force on 1st October 2009, any amendments to the approved plans will require either a formal application for a non-material amendment (for which a fee of £28 would be required) or the submission of a full planning application for a revised scheme. If the proposal relates to a Listed Building you will not be able to apply for a non-material amendment and a new application for a revised scheme will be required. Please discuss any proposed amendments with the Planning Officer.
- 4 Care should therefore be taken during the works, especially in removing the rear lean-to and the roof of the stone workshop in case bats had gained entry by some means that we could not detect. If any bats should be discovered during the work, they must not be handled: work must stop immediately and advice sought from local bat wardens in the first instance (Mike and Anne Gurr, 422224) or, if none is available, The Bat Conservation Trust's National Bat Helpline on 0845 1300 228. The BCT's adviser for the South West Region is David Jackson.

Signed

Senior Manager: Infrastructure and Planning

on:.....

and we are aware of any conditions that need to be discharged before works commence. We will notify the Planning Department in advance of commencement in order that any pre-commencement conditions can be discharged.

Print Name:.....

Signed:.....

Date:.....

Please sign and return to the **above address** as soon as possible.

For the avoidance of doubt you are reminded to address the following conditions before you commence the implementation of this permission. Although we will aim to deal with any application to discharge conditions as expeditiously as possible, you are reminded to allow up to **8 weeks** for the discharge of conditions process.

### PRE-COMMENCEMENT CONDITION – Site Waste Management Plan

- C3** Prior to the commencement of the approved development, a scheme including details of the sources of all building materials and the means/ location of disposal of all demolition material and all waste arising from building works, shall be submitted to and agreed in writing with the Planning Authority. The development shall thereafter proceed in strict accordance with the approved scheme only.

### PRE-COMMENCEMENT CONDITION – Written Scheme of Investigation

- C4** A) No development shall commence until a programme of archaeological work including a Written Scheme of Investigation has been submitted to and approved by the local planning authority in writing. The scheme shall include an assessment of significance and research questions, and:

1. The programme and methodology of site investigation and recording

2. The programme for post investigation assessment
3. Provision to be made for analysis of the site investigation and recording
4. Provision to be made for publication and dissemination of the analysis and records of the site investigation
5. Provision to be made for archive deposition of the analysis and records of the site investigation
6. Nomination of a competent person or persons/organisation to undertake the works set out within the Written Scheme of Investigation

B) No development shall take place other than in accordance with the Written Scheme of Investigation approved under condition (A).

C) The development shall not be occupied until the site investigation and post investigation assessment has been completed in accordance with the programme set out in the Written Scheme of Investigation approved under condition (A) and the provision made for analysis, publication and dissemination of results and archive deposition has been secured.

[Note: The archaeological recording condition will normally only be discharged when all elements of the WSI including on site works, analysis, report, publication (where applicable) and archive work has been completed.]

#### **PRE-COMMENCEMENT CONDITION – Slate Sample**

- C5 Prior to their installation, a sample of the natural slate to be used on the development, on both the roof of the proposed extension and the roof of the stone workshop, shall be submitted to and agreed in writing with the Local Planning Authority. The development shall thereafter proceed in strict accordance with the approved scheme only.
