PLANNING REFERENCE P/17/056/FUL  
The Dairy, Higher Strand, St Marys

Dear Sirs

I wish to state my opposition to the above proposal for the development of the Dairy site.

I have no objection to the re-development of the actual building but the proposal to add another storey to the building is totally out of proportion to the site and surrounding area.

It will block out any view I have of the harbour and any afternoon daylight.

It will also dominate the top of the Strand area and look an eyesore.

Yours sincerely

(Mrs Carol Woodcock)
