Hi Lisa,

I raised my concerns over the last application and as far as I am aware, they are all addressed. I have spoken to Helen about the change of field on this new application but everything else remains the same so no new issues.

Dear Consultee

You have been consulted in connection with the above application (<http://www.scilly.gov.uk/planning-application/planning-application-p18014>) and I wonder if you could send any consultation responses through to me directly. I am in the process of writing the committee report for the April Full Council and I would appreciate your responses (if you intend to comment) as soon as possible. Although you have 21 days in which to comment, any earlier responses to this would be greatly appreciated.

Many thanks  
Lisa
