Dear Lisa

**Re: Planning reference: P/18/090/FUL**

We have looked at this planning application and do not regard this development as beneficial to the Islands. Our reason is a matter of principle: we should prefer not to see further development of accommodation in Scilly for holiday visitors. This is consistent with the comments we have already made on the Local Plan, in which we argued against the concept of "growth" in that part of the Islands economy that is concerned with tourism.

If the application had been to provide accommodation for local people, especially those with mobility impairment, then we should have been wholeheartedly in support. Our objection is not to the erection of premises as 'land-fill' but to the principle of further extending the tourism industry.

Yours sincerely
