Re: planning application for Men a Vaur

I am writing to say that I am not in favour of the plans for Men a Vaur. I'm sure there must be plenty of old buildings that could be renovated over here without resorting to taking away another lovely area. I have read through several of the letters already sent and agree with all that I've seen. This includes comments about the wildlife, sewerage and water shortages, parking and noise. There are beautiful trees in that garden and there is a lovely sound of birds singing when you walk past. I have also been told that bats use it. Can't it be made a public garden instead?!
