It is with regret that David and I find yet another application for development of the garden attached to Men-a-vaur.

Having read all the letters submitted so far we can add our names to those who strongly object on the grounds detailed in most of the letters. In particular the letters from Mr Sandford, Mrs Perkiss and Mrs Hicks and feel that there is little we can add except our support for any scheme that would ensure the preservation of the last bit of an orchard and haven for wildlife.

Kind regards
