**Lisa Walton,**

Thank you for your letter of the 26th June.

**Planning Ref. P/19/031/HH re. 3 Porthcressa Terrace Conservatory**

Firstly, I would like to say I support the above application and I am sure the conservatory will add to Nigel and Ella Stevens' enjoyment of their property .... without affecting anyone else adversely.

The purpose of this email is to request confirmation the council has on record the common drainage routes and maintenance access points affecting the Porthcressa Terrace cottages.

It is obviously essential that these services are correctly recorded by the council and kept intact by occupants for the common good (by future as well as existing occupants of the four cottages) to ensure that maintenance access is readily available following blockages or damage to such services.

Thank you,

***Phillip Jones***
