TR21 0LW

Dear Sirs,

Re: **Planning Reference: P/19/036/CFUL**
Location: Lynwood, Rear of Church Street, St. Mary's.

Re the above planning application, whereas we do not object to the application we do have major concerns with regards as to when the development/construction, if planning permission is granted, will commence.

Kirklees Holiday Flat will be occupied during the season of 2020 from the beginning of May to the end of September, with holiday makers.

As the proposed construction will be abutted to the gable end of the flat the reason for our concern is that if the construction should be during the holiday season this will have major consequences on our trade. We therefore request that, should planning permission be granted, consideration be given to conditions being placed on the planning application.

Also for the construction to commence and be completed during the winter period and for noise intrusion be taken into consideration. Noise pollution, consideration being in place as to the hours when building work should commence and finish, weekends also being taken into consideration.

Yours faithfully,

G. and P.M. Coldwell.
