Town and Country Planning Act 1990
Town and Country Planning (Development Management Procedure) Order 2010

PERMISSION FOR DEVELOPMENT

Application No: P/19/084/FUL **Date Application Registered:** 27th November 2019

Applicant: Mrs Emily Crees
Seven Stones Inn
Lower Town
St Martin's
Isles of Scilly
TR25 0QW

Site Address: Seven Stones Inn Lower Town St Martin's Isles of Scilly TR25 0QW
Proposal: This proposal is primarily for a new timber building adjacent to the Pubic House (Seven Stones Inn) to serve as a WC, shower room and laundry facility for visiting yachts and customers. The proposal is also to rebuild the retaining wall of the terrace after access required it to be dismantled to build Tinklers Hill Barn. Reconfiguring the wall slightly to the south also helps with access to the existing water, waste and electric services that ran tightly against the old wall. The plan is to plant a more formal garden area in front of the proposed new building, focusing on a beautiful space for the hosted private events instead of general customer seating.

In pursuance of their powers under the above act, the Council hereby **PERMIT** the above development to be carried out in accordance with the following Conditions:

- C1 The development hereby permitted shall be begun before the expiration of three years from the date of this permission.**
Reason: In accordance with the requirements of Section 91 of the Town and Country Planning Act 1990 (as amended by Section 51 of the Planning and Compulsory Purchase Act 2004).
- C2 The development hereby permitted shall be carried out in accordance with the approved details only including:**
- **Site and Location Plan, Drawing No: 001, Rev PL.D, dated 25/11/19, date stamped 26th November 2019;**
 - **Proposed Plans and Elevations, Drawing No; 002, Rev PL.D, dated 25/11/19, date stamped 26th November 2019;**

These are stamped as APPROVED

Reason: For the clarity and avoidance of doubt and in the interests of the character and appearance of the Conservation Area, Area of Outstanding Natural Beauty and Heritage Coast in accordance with Policy 1 of the Isles of Scilly Local Plan 2005.

- C3 Notwithstanding the provisions of the Town and Country Planning (General Permitted Development) Order 2015 (As Amended), (or any order revoking or re-enacting that Order) prior to installation, details of floodlights or other forms of external lighting shall be submitted to and approved, in writing, by the Local Planning Authority. The lighting shall thereafter be installed in accordance with the agreed details only.**

Reason: To protect the amenities of the locality, including the amenities of neighbouring residential properties and to protect the amenities of this rural area and preserve the dark night skies of the Isles of Scilly and the St Martins Dark Sky Discovery Site (Milky Way Class) in accordance with Policy OE4 of the Submission Draft Isles of Scilly Local Plan 2015-2030.

- C4 All works involving machinery required in connection with the implementation of this permission shall be restricted to between 0800 and 1800 hours Monday to Saturdays. There shall be no works involving machinery on a Sunday or Public or Bank Holiday.**

Reason: In the interests of protecting the residential amenities of neighbouring properties.

Pre-Use Condition – Submission of Biodiversity Enhancement Measures

- C5 Prior to the first use of the building, hereby approved, details of measures to promote biodiversity enhancements shall be submitted to and approved in writing by the Local Planning Authority, this shall include details of any new landscaping, where required, to comprise native species from sustainable sources, the installation of bat boxes and bird nesting opportunities appropriate to species found on the Isles of Scilly. The approved details shall be installed for the first full season, following the completion of the development and be retained as approved thereafter.**

Reason: To promote measures to improve and awareness of the value of biodiversity on the Isles of Scilly and in accordance with the requirements of Policy 1 of the Isles of Scilly Local Plan 2005 and Policies SS1(d) and SS2(g) of the Submission Draft Isles of Scilly Local Plan 2015-2030.

Reason: To ensure that the character and appearance of the development are sympathetic to this location within the Islands and in accordance with Policy SS1 and OE1 of the Isles of Scilly Submission Draft Local Plan 2005 which encourages the use of traditional and natural sustainable building materials.

Pre-Commencement Conditions – Submission of a Site Waste Management Plan

- C7 Prior to the commencement of the approved development, a scheme including details of the sources of all building materials and the means/location of disposal of all demolition material and all waste arising from building works, including excess material from excavations, shall be submitted to and agreed in writing with the Planning Authority. The development shall thereafter proceed in strict accordance with the approved scheme only.**

Reason: This is a pre-commencement condition that requires details that were not submitted as part of the application, but are required to fully understand the impact upon landscape and management of waste, to be submitted and agreed by the Local Planning Authority. This is to ensure those characteristics which contribute to the status of the Isles of Scilly as a Conservation Area, Area of Outstanding Natural Beauty and Heritage Coast are not eroded by uncontrolled mineral extraction or the tipping of waste.
