Dear Lisa

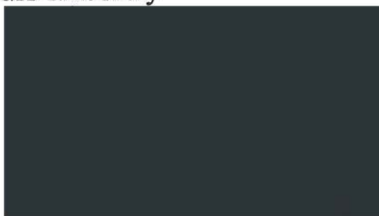

Re: Planning reference: P/20/048/FUL

Thank you for your letter dated 9th July, notifying us of this planning application and inviting our comments.

Mr Andrew Selleck is certainly a very persistent gentleman!

Our views on this application have not changed and are exactly the same as in our comment to you in December 2018, January 2019 and May 2019. To reiterate: we do not regard such developments as beneficial to the Islands and would prefer not to see further developments in Scilly for holiday visitors. This is entirely consistent with our views on 'growth' expressed at length in our commentary on the Local Plan.

Yours sincerely

Mike & Anne Gurr
