Dear Lisa

Whilst I fully support the idea of a Cultural /Museum centre in a rejuvenated Town Hall a good shared use of the building I think that these plans are just too grand in scale and overall I do not think necessarily sustainable long term., especially if it's running costs are to be to be self funding.

As others have commented the mix of old and modern just looks wrong and over the top in height.

Surely lessons should have been learnt after the "white elephant" of the Innovative centre, at least it's being used now to accommodate Council Staff.

Has thought been given to where the two much needed catering businesses at the rear of the Town Hall outlets are going to be moved to? At present they seem ideally situated , with folk having the Porthcressa Bank/ Beach area to enjoy their food.

Also what about having a cafe and shop with in the building , how will they impact on other nearby businesses? These are all considerations I hope will be taken in to account by our councillors when making their decision.

Yours sincerely

Lyn Townend
