Dear Sir/Madam,

I would like to vote in favour for the application to allow Lily's Thai Catering van to operate on Holgates Green. Over the last 20 years at least, where more and more Bed and Breakfast establishments have turned into Self-Catering accommodation, there has been a need for more eateries on St Marys, especially in the evenings. I understand the last couple of years have been particularly difficult because of Covid to recruit staff but even with all the restaurants open, there is still not enough availability for visitors to find somewhere to eat. I also understand some of the objections are that the green is used for events such as Otillo, music festivals, charity events etc but this van only takes up a small space and surely would be welcome by anyone attending these events to have the option of buying food from this van when there is so little choice to buy food anywhere else.

We are in danger of losing our main source of income on Scilly if we cannot provide our visitors with something as basic as enough place to eat.
