Planning Application P/22/056/COU

Dear Sirs/Madams,

I write in full support of the above mentioned planning application for change of use for a small section of Holgate's Green to allow Lily's takeaway van to operate.

Over the last couple of years there has been a noticeable decline in options for eating out on St Marys. This has been noted by locals and visitors alike. The predominant problem for many vendors being staffing and staff housing. Lily and Martyn are a local couple working hard to give more options to the residents and visitors of the islands.

Holgate's Green is a public space and on reading the application fully its clear that all areas have been taken into consideration. It also appears that some of the objections refer to 3 vans whereas this application is specifically for change of use for 1 van. Perhaps instead of objecting, the community could work with Lily's takeaway and see what they could add to any local events that may be taking place on the Green?

Wishing Martyn and Lily the very best of luck with their application
