Dear Lisa - Andrew,

Please find enclosed a cheque for £206-00 and 3 sets of plans as requested. I have included a picture of next floors windows and door to give you an idea of the type I would like to instal. All surrounding Houses have similar white plastic double glazed profiles and I think it would give the corner house a nice clean Brighter look and much more energy efficient than the existing single glazed brown ones. These new ones comply with all upto date safety regs and fire regs.

Hoping this will comply with your approval
Kind Regards

Please if there's anything else I have missed on these forms perhaps there's someone at your office can go through them with me to help! as I said on my last letter I am autistic and struggle with form filling.

Dear Liv Rickman,

Thank you for return of form's for me to correct.
I have returned the papers you sent back to me.

- ① I have ticked box on the check list.
- ② You already have a Location plan (I do not understand the difference between a location plan and a Block plan. I have attached another copy of the Location^{site} plan.
- ③ I had already signed + Dated the certificate A.
- ④ So far as the site management plan is concerned. I am told by the contractor that removal + disposal of all non materials will be carried out by the contractor.
