I look forward to receiving your comments in due course. If I have not heard back from you by the 9th November 2022 then I will assume you have no comments to make.

Comments

Waste:-

Any waste should be securely stored within the boundary of the property and placed out on the highway on the day of collection.

The provision of waste and recycling storage should be sizeable enough to accommodate residual waste, segregated cardboard and dry mixed recycling with enough capacity to extend as and when increased segregation is introduced.
