Site Description and Proposed Development

Application P/22/02/HH was determined on the 31/01/2023 at Full Council. The committee report can be read here:

Number 2 Ennor Close in Old Town, St Mary's is an ex-Council house. The house is a semi-detached two storey dwelling, located on the north side of the road, close to the junction with Old Town Road. To the front is an enclosed grassed garden area to the south side with adjacent driveway parking and a private rear garden to the north side. The building has a painted render finish with upvc windows and doors.

The approved planning permission is to erect a larger front porch extension, which will extend towards the driveway parking between numbers 1 and 2, and a replacement of the existing rear conservatory with a single storey rear extension with a lean-to roof. Materials are identified to match the existing dwelling.

The non-material amendments applied for are to replace the approved pitched to flat roof on the rear extension with an entirely flat roof. This would be lower overall by approximately 0.5m and introduce two roof lanterns instead of rooflights in the pitched roof. The east elevation of the rear extension would have the approved 3no narrow windows extending to ground level replaced with two smaller windows at 1.7m above ground level. One set of the approved bi-fold doors on the north elevation would be replaced with windows. The other proposed amendments are to reduce the height of the existing stairway window above the front extension in order to raise the flat roof element of the front extension by around 0.3m.

Consultations and Publicity

This application type does not require a site notice or wider publicity on the weekly list.

Representations from Residents:

Neighbouring properties written to directly:

- The Old Chapel, Old Town Lane
- 1, 3 & 4 Ennor Close, Old Town

[0] letters of objection have been received

[0] letters of support have been received

[0] letters of representation have been received.

Relevant Planning History:

No planning history relevant under the adopted Local Plan except for the approval being amended.

The house was granted planning permission in 1982, as part of an extension to Ennor Close (P2094) and the existing conservatory was granted planning permission in 1996 (P4095). The current conservatory structure is therefore around 24 years old and has become unusable due to leaks, which the applicant states as a source of damp and drafts within the property.

Constraints:

- Conservation Area
- Area of Outstanding Natural Beauty
- Heritage Coast

Conclusion:

This proposed amendment is considered to be non-material for the following reasons:

- No changes are proposed to the elevations visible from the public realm
- Changes to fenestration reduce window heights and sizes and do not introduce any potential new overlooking
- The alterations to the rear-extension roof do reduce its bulk
- No representations have been received

EIA: Due to the scale, nature and location this development will not have significant effects on the environment and therefore is not considered to be EIA development.

Proactive working: In accordance with guidance within the National Planning Policy Framework the Council has worked in a positive and creative way and has concluded that the application is acceptable for planning permission to be granted. This application has been considered in accordance with Section 38 of the Planning & Compulsory Purchase Act 2004. This application has been considered in accordance with Section 38 of the Planning & Compulsory Purchase Act 2004 and with Section 72 of the Planning (Listed Buildings and Conservation Areas) Act 1990.

Planning Policy: Section 70 of the 1990 Town and Country Planning Act requires that regard be had to the development plan, any local finance and any other material considerations. Section 38(6) of the 2004 Planning and Compensation Act requires that applications are to be determined in accordance with the development plan unless material considerations indicate otherwise. For the purposes of decision making, as of March 2021, the development plan for the Isles of Scilly comprises the Isles of Scilly Local Plan 2015-2030.

Considerations under Human Rights Act 1998 and Equalities Act 2010: The provisions of the Human Rights Act 1998 and Equalities Act 2010 have been taken into account in reaching the recommendation contained in this report.

In discharging their functions, must have “due regard” to the need to:

- a) Eliminate discrimination, harassment, victimisation and any other conduct that is prohibited by or under the Act;
- b) Advance equality of opportunity between persons who share a relevant protected characteristic and persons who do not share it; and
- c) Foster good relations between persons who share a relevant protected characteristic and persons who do not share it.

Having due regard to the need to advance equality of opportunity between persons who share a relevant protected characteristic and persons who do not share it involves having due regard in particular to the need to:

- a) removing or minimising disadvantages suffered by persons who share a relevant protected characteristic that are connected to that characteristic;
- b) take steps to meet the needs of persons who share a relevant protected characteristic that are different from the needs of other persons who do not share it
- c) encourage persons who share a relevant protected characteristic to participate in public life or in any other activity in which participation by such persons is disproportionately low.

Whilst there is no absolute requirement to fully remove any disadvantage the Duty is to have “regard to” and remove OR minimise disadvantage and in considering the merits of this planning application the planning authority has had due regard to the matters set out in section 149 of the Equality Act 2010.
