Consultee Name: Highways/Open Spaces

Highways- Cones should be placed at the kerbside in advance to denote where the mobile unit is to cross the pavement and give clear access, this should then minimise any restrictions for other vehicles using the main Highway. A 'qualified banksman' will be required to control pedestrians (from walking behind/in front of the unit) enabling the unit to cross safely.

Open Spaces- As above a 'qualified banksman' would be required to safely allow the unit access and turning room on the green whilst manoeuvring into its trading location. Benches and picnic tables (which are moved by locals and visitors alike) should be placed at a safe distance from the units trading location beforehand. A recommendation would also be that care is taken whilst manoeuvring the unit and vehicle on the green space (especially during inclement weather) to avoid damaging the grass surface.
