With regard the above planning application I would like to make the following points.

A food outlet on Holgates Green with a generator is not going to improve a generally quiet area enjoyed by the public.

There is the prospect of litter associated with food takeaways, that will not enhance the attraction of the green to all.

The traffic using the Strand does travel rather quickly which raises a safety issue for all concerned, if people are being distracted and not paying attention.

Siting an outlet of this nature on the green will open the door for more applications for businesses to do the same, containing this activity to one area in the town {i.e the current one} is surely the best option.

Yours Faithfully,

K. Simpson.

Minmow Flats, 3 lower Strand, St. Mary's, I.O.Scilly TR21 0PS.
