Thank you for consulting us on this application on this Grade II Listed Building (NHL 1141197). We have consulted the Cornwall & Isles of Scilly Historic Environment Record and the submitted documents including the Heritage Impact Assessment (Morriss and Associates August 2023) and, in this instance, we consider it unlikely that the proposed alterations will disturb significant fabric or alter the building's historic significance. No archaeological or historic building recording is required, and therefore no archaeological condition is sought.
