Liv

Thanks for forwarding the statement. That's a much better FRA than the first version. The key questions of depth of flooding; impact on the structure; impact on residents; and escape routes have been tackled effectively.

The residual risk is very low, so for 3 years extension I don't think any change or measures would be warranted to reduce the risk further.

Stephen

Hi Stephen,
I have attached a FRA from the applicant in response to your comments. Please let us know if you would like to comment further.

Kind Regards,
Liv Rickman
Assistant: Planning & Development Management

Please note that I work remotely however phonecalls do come through to our computer system. If your call is unanswered, voicemails will be acknowledged and calls returned as necessary. If you do have a planning enquiry then it is best to put this in writing, ideally by email as there is a delay in the processing of post.
