Hi Liv

We have had a quick look at it and have no objections from an ecological perspective. The habitats on site are low value/common habitats and the impacts would only be for one year. The ecologist has asked for a CEMP and a Habitat Restoration Plan. These measures appear to be sufficient for this proposal. These would need to be submitted and approved pre-commencement.

Best wishes,

**Natasha Collings-Costello MEnv Sci CSci MCIEEM**
