Boundary Treatment Notes
PLEASE REFER TO THE ACCOMPANYING EXTERNAL WALL DETAILS FOR FURTHER DETAILS OF WALL TYPES
PLEASE REFER TO THE CIVIL ENGINEER'S DRAWING FOR THE LOCATION OF ANY RETAINING WALLS.

Retaining Walls
Where a retaining wall align with a boundary walls within public areas the finish of the wall shall match the design indicated on the boundary treatment plan. All other retaining walls which are not within the public realm will be finished to match the associated dwelling external wall material.
1.1m high guard railing to be install to any retaining wall above 600mm without a wall or fence on top

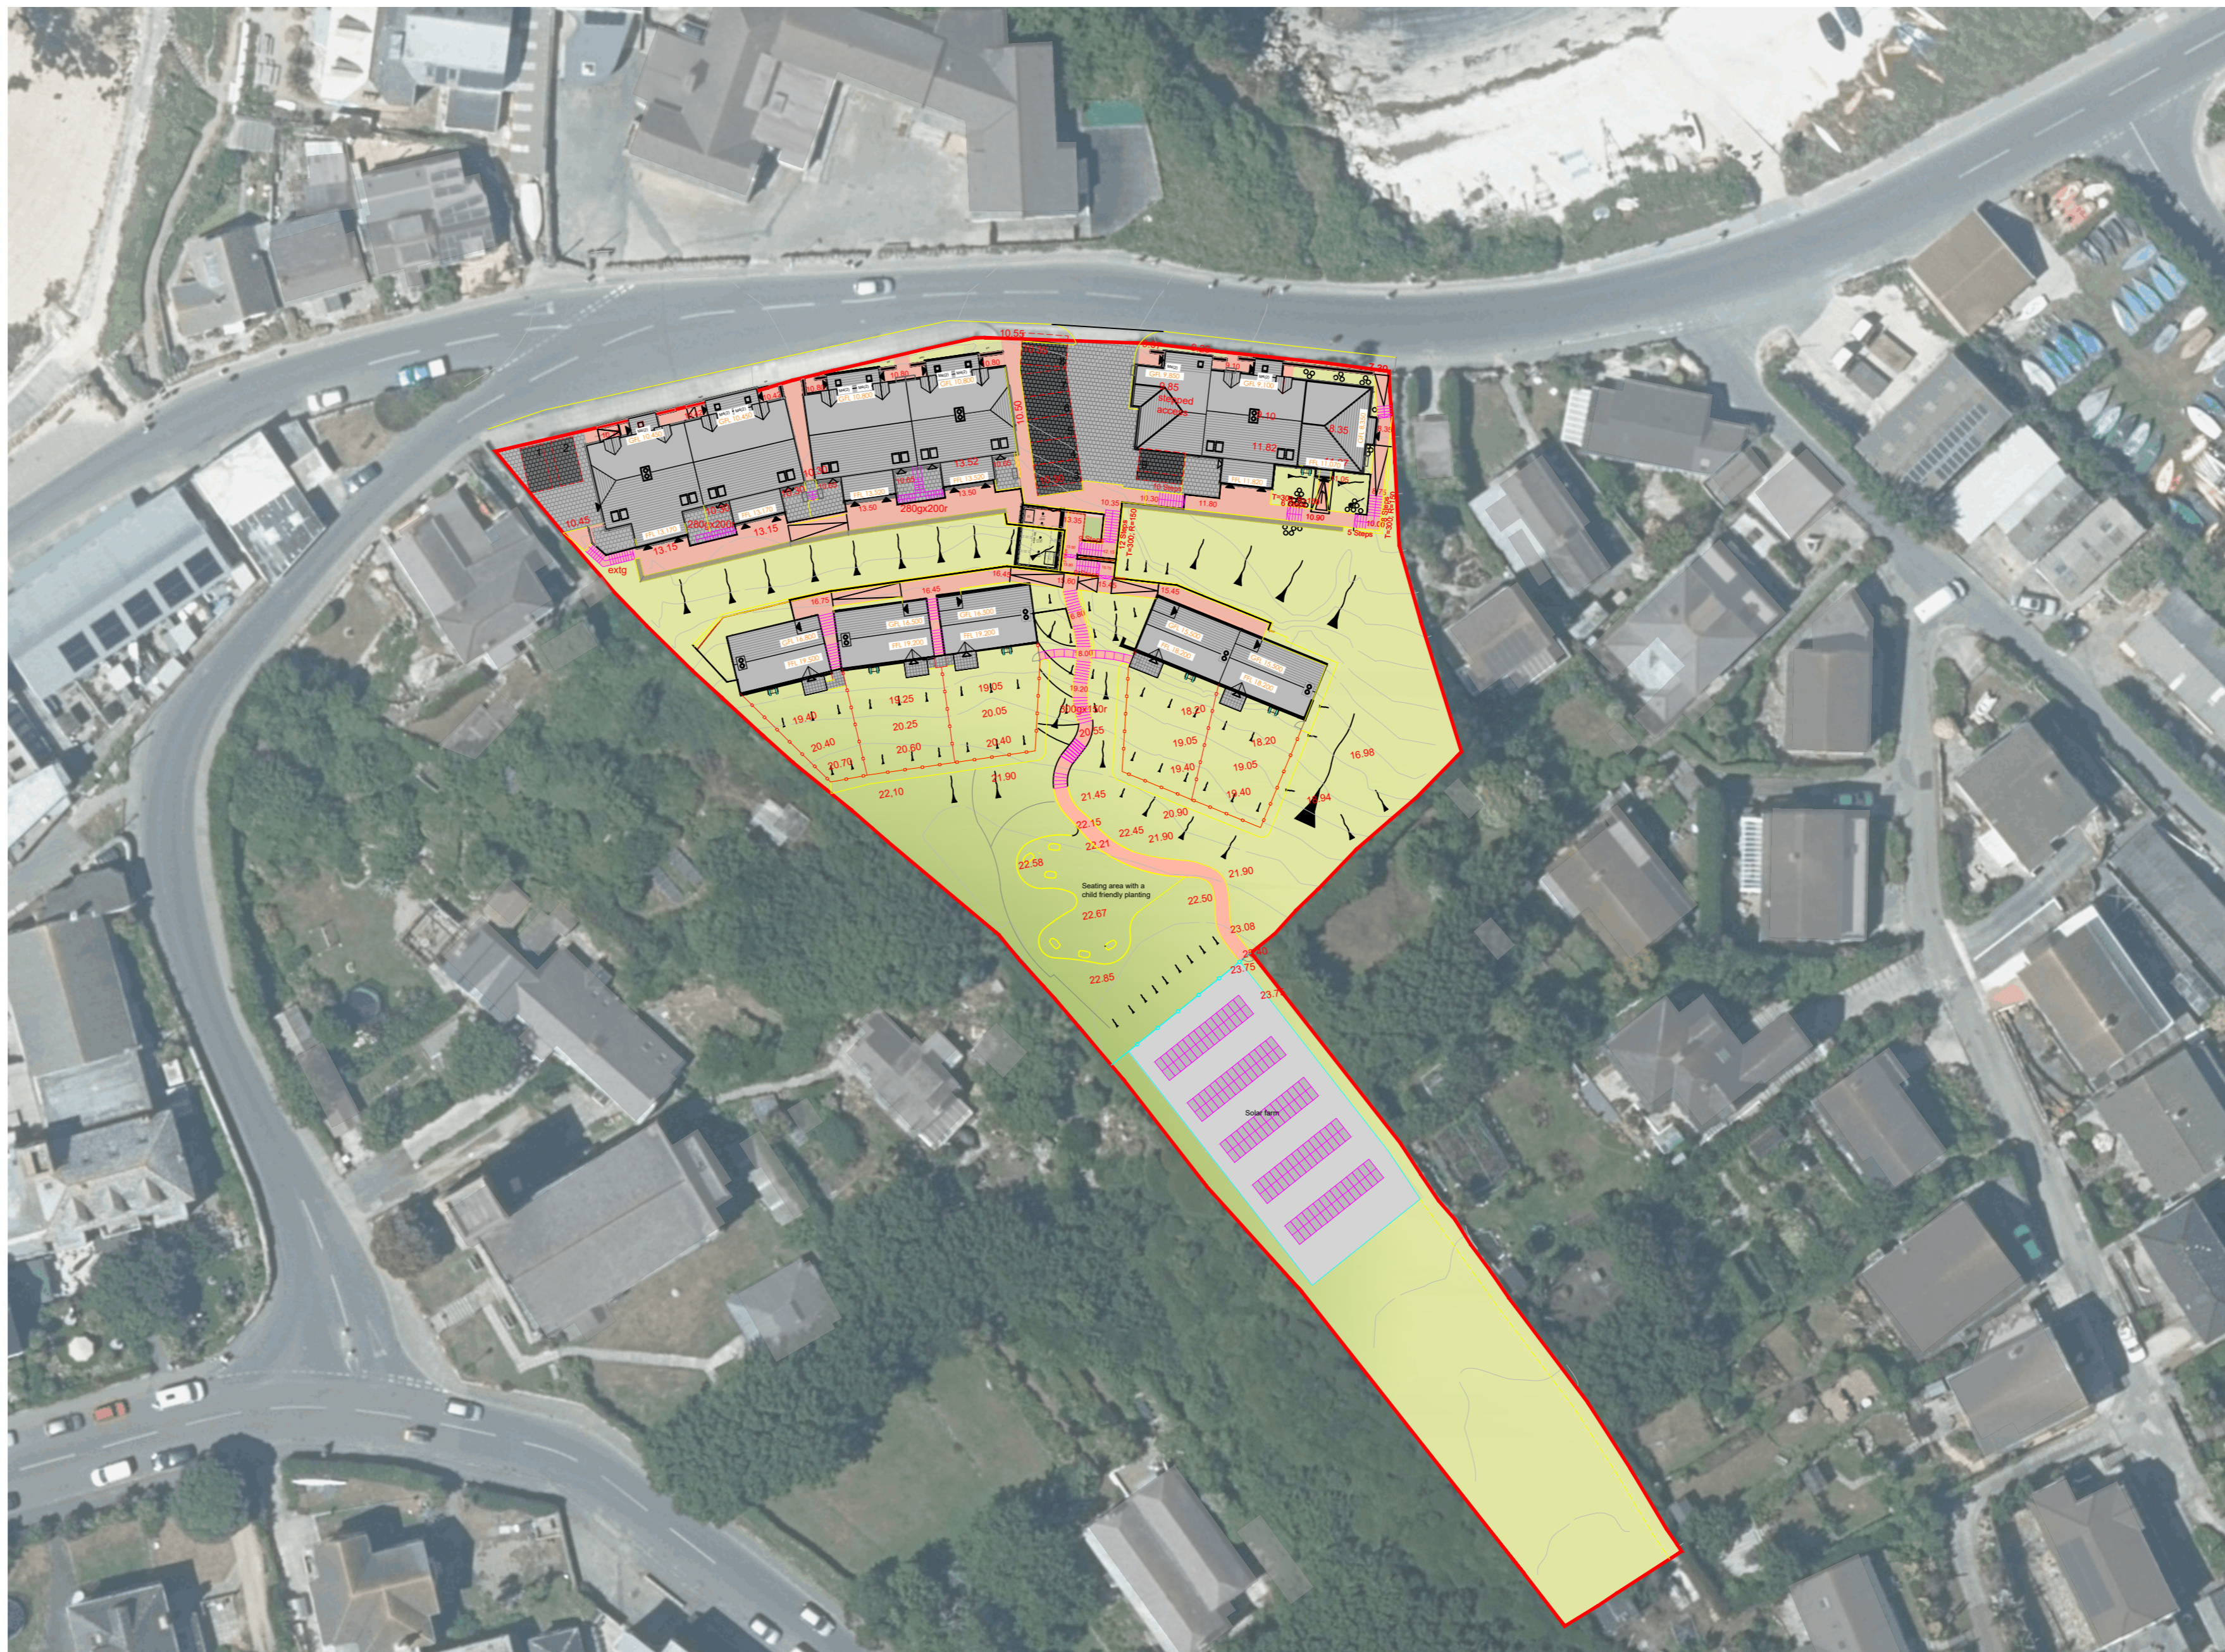

Fence/Railing Finishes

- Timber gates within masonry walls to be stained or painted black.
- Gates within close-boarded fences to be stained to match fence
- All metal railings to be painted black
- Hedgehog passes will be specified for all Close Board Fences & walls: Each gap will have a minimum dimension of 13cm x 13cm and will be cut out of a gravel board on the bottom of the fence, or a similar sized gap left at the end of a board. One hedgehog pass will be created in each boundary fence and/or boundary wall

Coping & Underbuild

- All concrete copings & Pier Caps to be in Portland.
- Brick coping and under build within brickwork walls to match wall brick type.
- Brick coping and under build within rendered walls to be Edenhall Midnight Blue.

Wall Height / Steps
Change in height of walls to occur at pier locations, mid point between piers or at evenly spaced intervals. Max 300mm step. Top of screen walls adjacent to patios to be min 1.8m above patio level, wall height to be maintained min 900mm past outer edge of patio before any reduction in wall height.

Site layout 1:500

Project: Carn Thomas, Isles of Scilly
 Title: External Works
 Client: Livewest
 Date: Mar 2024
 Drawn by: RIA
 Checked by: DMA
 Scale: 1:500 @ A2
 Drawing No.: 21024 / EW01

date	rev	comment
19.08.24	H	Bin store relocated
23.03.24	G	Layout updated for Planning Submission purposes.
