The buildings are partly white painted render and blue composite clad with white painted timber windows and natural slate roofs. Each flat has it's own entrance door which is metal in a yellow painted finish. The doors are stated to be in poor condition with rust and weather seals broken.

- b) take steps to meet the needs of persons who share a relevant protected characteristic that are different from the needs of other persons who do not share it
- c) encourage persons who share a relevant protected characteristic to participate in public life or in any other activity in which participation by such persons is disproportionately low.

Whilst there is no absolute requirement to fully remove any disadvantage the Duty is to have “regard to” and remove OR minimise disadvantage and in considering the merits of this planning application the planning authority has had due regard to the matters set out in section 149 of the Equality Act 2010.
