Dear Planning Officer ,

We write to comment on the above Planning Application.

We own Homeleigh, one of the 3 cottages situated below Coastguards on the sea front. Our family have owned the cottage for 30 plus years so have seen the development and improvement of properties in the immediate proximity of Homeleigh.

We strongly support the redevelopment of Coastguards.

The existing building is typical of the historic evolution of properties on Scilly with ad-hoc extensions poorly designed.

The proposed development will dramatically improve the visual impact of the whole site and we like the contemporary design using sustainable building materials. The energy efficiency and use of renewable energy sourcing will be a big improvement.

Yours faithfully

Rob and Glenys Millard
