Details of the pre-application advice received

The advice received explains that the principle / need for the development would be supported by policies in the Local Plan and specifically the heritage policies would support the development as the new building (specifically it's appearance) would make significant improvements to the back land of the pub.

The advice also outlines that supporting surveys would be required to assess odour, noise, sunlight, flooding and ecology impacts and the necessary mitigation provided.

Useful feedback was also provided to explain where further details would be required in terms of materials, power consumption, operational activity and design.
