### Comments: Cornwall Archaeological Unit

#### Comments here

Thank you for consulting us on this application. We have consulted the Cornwall & Isles of Scilly Historic Environment Record, the supporting documents and the further information provided by the applicant to the LPA via email (03/03/2025) and, in this instance, we consider it unlikely that significant archaeological remains will be disturbed by the proposed scheme. No archaeological mitigation is required, and therefore no archaeological condition is sought.

\* The application site is immediately adjacent to a Second World War pillbox, which is a Scheduled Monument (NHL 1016517). The proposed scheme has the potential to impact upon the setting of this nationally designated heritage asset and therefore, we recommend the LPA requests advice from Historic England on this matter;
