Yes  ○ No
If Yes, please state references for the plans, drawings and/or design and access statement
Site Location Plan. Pod Details Design Statement Site Plan
Pedestrian and Vehicle Access, Roads and Rights of Way
Is a new or altered vehicular access proposed to or from the public highway?  ○ Yes  ⊙ No
Is a new or altered pedestrian access proposed to or from the public highway?  ○ Yes  ⊙ No
Are there any new public roads to be provided within the site?  ○ Yes  ⊙ No
Are there any new public rights of way to be provided within or adjacent to the site?  ○ Yes  ○ No
Do the proposals require any diversions/extinguishments and/or creation of rights of way?  ○ Yes  ○ No
Vehicle Parking  Does the site have any existing vehicle/cycle parking spaces or will the proposed development add/remove any parking spaces?  ○ Yes  ○ No
Trees and Hedges
Are there trees or hedges on the proposed development site?  ○ Yes  ⊙ No
And/or: Are there trees or hedges on land adjacent to the proposed development site that could influence the development or might be important as part of the local landscape character?  Yes  No

make clear on its website what the survey should contain, in accordance with the current 'BS5837: Trees in relation to design, demolition and construction - Recommendations'.
Assessment of Flood Risk
Is the site within an area at risk of flooding? (Check the location on the Government's Flood map for planning. You should also refer to national standing advice and your local planning authority requirements for information as necessary.)  Yes  No
Is your proposal within 20 metres of a watercourse (e.g. river, stream or beck)?  ○ Yes  ⊙ No
Will the proposal increase the flood risk elsewhere?  ○ Yes  ⊙ No
How will surface water be disposed of?
☐ Sustainable drainage system
Existing water course
✓ Soakaway
☐ Main sewer
☐ Pond/lake
Biodiversity and Geological Conservation
Biodiversity and Geological Conservation  Is there a reasonable likelihood of the following being affected adversely or conserved and enhanced within the application site, or on land adjacent to or near the application site?

If Yes to either or both of the above, you may need to provide a full tree survey, at the discretion of the local planning authority. If a tree

# Supporting information requirements Where a development proposal is likely to affect features of biodiversity or geological conservation interest, you will need to submit, with the application, sufficient information and assessments to allow the local planning authority to determine the proposal. Failure to submit all information required will result in your application being deemed invalid. It will not be considered valid until all information required by the local planning authority has been submitted. Your local planning authority will be able to advise on the content of any assessments that may be required. Biodiversity net gain Biodiversity net gain is a legal requirement for planning permission introduced on 12 February 2024. All applications are required to either provide detailed information proving there will be a biodiversity increase; or explain why the requirement does not apply to the development. Find out more about biodiversity net gain, and access digital tools from our partners that can help determine if you are exempt, or produce the biodiversity metric information required. Do you believe that, if the development is granted permission, the general Biodiversity Gain Condition (as set out in Paragraph 13 of Schedule 7A of the Town and Country Planning Act 1990 (as amended)) would apply? Yes ⊗ No Biodiversity net gain has been introduced as a general condition for planning permission. As set out in The Environment Act 2021: "grants of planning permission in England [are] to be subject to a condition to secure that the biodiversity gain objective is met". Therefore, in England, all planning permissions are generally subject to biodiversity gain rules, unless they are specifically exempt or out of scope. If you have stated that the biodiversity net gain requirement does not apply to your application you must provide the reason(s) why, and may also need to supply evidence (especially where you believe the application is eligible for the 'de minimis' exemption). You can use our partner's free online tool to determine if you are exempt and to produce detailed reasons Please add all the reasons why biodiversity net gain does not apply and enter a justification for each one Reason biodiversity net gain does not apply: Development subject to the de minimis exemption (development below the threshold) What best describes the size of your site?: Over 25 square metres Please justify the reason why biodiversity net gain does not apply: Temporary Accommodation sited on an existing grass field area. There is zero damage to the site or any biodiversity. Note: Please read the help text for further information why developments may be exempt or not in scope. **Foul Sewage** Please state how foul sewage is to be disposed of: ☐ Mains sewer ✓ Septic tank Package treatment plant Cess pit Other Unknown

○ No ○ Unknown
If Yes, please include the details of the existing system on the application drawings and state the plan(s)/drawing(s) references
Drawing attached showing location of the sceptic tank.
Enaming attached cheming research of the despite tanks
Waste Storage and Collection
Do the plans incorporate areas to store and aid the collection of waste?
○ No
If Yes, please provide details:
Existing location on site
Existing location on site
Have arrangements been made for the separate storage and collection of recyclable waste?
○Yes
⊗ No
Trade Effluent
Does the proposal involve the need to dispose of trade effluents or trade waste?
○ Yes
⊙ No
Residential/Dwelling Units
Does your proposal include the gain, loss or change of use of residential units?
boes your proposal include the gain, loss or change of use of residential drifts:
