How will surface water be disposed of?
☐ Sustainable drainage system
Existing water course
Soakaway
☑ Main sewer
☐ Pond/lake
Biodiversity and Geological Conservation
Is there a reasonable likelihood of the following being affected adversely or conserved and enhanced within the application site, or on land adjacent to or near the application site?
To assist in answering this question correctly, please refer to the help text which provides guidance on determining if any important biodiversity or geological conservation features may be present or nearby; and whether they are likely to be affected by the proposals.
a) Protected and priority species
○ Yes, on the development site○ Yes, on land adjacent to or near the proposed development○ No
b) Designated sites, important habitats or other biodiversity features
○ Yes, on the development site○ Yes, on land adjacent to or near the proposed development⊙ No
c) Features of geological conservation importance
○ Yes, on the development site○ Yes, on land adjacent to or near the proposed development② No
Supporting information requirements
Where a development proposal is likely to affect features of biodiversity or geological conservation interest, you will need to submit, with the application, sufficient information and assessments to allow the local planning authority to determine the proposal.
Failure to submit all information required will result in your application being deemed invalid. It will not be considered valid until all information required by the local planning authority has been submitted.
Your local planning authority will be able to advise on the content of any assessments that may be required.
Biodiversity net gain
Biodiversity net gain is a legal requirement for planning permission introduced on 12 February 2024. All applications are required to either provide detailed information proving there will be a biodiversity increase; or explain why the requirement does not apply to the development.
Find out more about biodiversity net gain, and access digital tools from our partners that can help determine if you are exempt, or produce the biodiversity metric information required.
Do you believe that, if the development is granted permission, the general Biodiversity Gain Condition (as set out in Paragraph 13 of Schedule 7A of the Town and Country Planning Act 1990 (as amended)) would apply? Yes No

Biodiversity net gain has been introduced as a general condition for planning permission. As set out in The Environment Act 2021: "grants of planning permission in England [are] to be subject to a condition to secure that the biodiversity gain objective is met". Therefore, in England, all planning permissions are generally subject to biodiversity gain rules, unless they are specifically exempt or out of scope. If you have stated that the biodiversity net gain requirement does not apply to your application you must provide the reason(s) why, and may also need to supply evidence (especially where you believe the application is eligible for the 'de minimis' exemption). You can use our partner's free online tool to determine if you are exempt and to produce detailed reasons Please add all the reasons why biodiversity net gain does not apply and enter a justification for each one Reason biodiversity net gain does not apply: Development subject to the de minimis exemption (development below the threshold) What best describes the size of your site?: Over 25 square metres Please justify the reason why biodiversity net gain does not apply: In accordance with current guidance regarding Biodiversity Net Gain (BNG), the red line boundary for the proposed redevelopment is entirely occupied by previously developed land with a sealed surface. It is therefore exempted from the need to achieve mandatory BNG as it falls beneath the de minimis threshold. Note: Please read the help text for further information why developments may be exempt or not in scope. **Foul Sewage** Please state how foul sewage is to be disposed of: ✓ Mains sewer Septic tank ☐ Package treatment plant Cess pit Other Unknown Are you proposing to connect to the existing drainage system? O Yes ○ No Unknown Waste Storage and Collection Do the plans incorporate areas to store and aid the collection of waste? Yes ○ No If Yes, please provide details: Waste will be stored in the back of house area. The waste is collected by delivery drivers bringing stock to the store. Have arrangements been made for the separate storage and collection of recyclable waste? Yes ○ No If Yes, please provide details: Waste will be stored in the back of house area. The waste is collected by delivery drivers bringing stock to the store.

ii yes, piease provide details	of the tradable floor area:		1			
Use Class: E(a) - Display/Sale of good	ds other than hot food					
Existing tradable floor at 266	Existing tradable floor area (square metres) (e):					
	lost by change of use or demolition	(square metres) (f):				
	Total tradable floor area proposed (including change of use) (square metres) (g):					
442	loor area following development (squ	uaro metros) (h = a - a):				
176	isor area renowing development (equ	and mondoy (ii g o).				
Totals Existing tradable floor area (square metres) (e)	Tradable floor area to be lost by change of use or demolition (square metres) (f)	Total tradable floor area proposed (including change of use) (square metres) (g)	Net additional tradable floor area following development (square metres) (h = g - e)			
266	0	442	176			
Employment Are there any existing employees on the site or will the proposed development increase or decrease the number of employees? ○ Yes ⊙ No						
Hours of Opening Are Hours of Opening relevant to this proposal? ○ Yes ○ No						
Industrial or Comr	mercial Processes and M	achinery				
Does this proposal involve the carrying out of industrial or commercial activities and processes? ○ Yes ○ No						
Is the proposal for a waste management development? O Yes						
⊗ No						
Hazardous Substa	nnces					
Does the proposal involve the use or storage of Hazardous Substances? ○ Yes ⊙ No						

Site Visit
Can the site be seen from a public road, public footpath, bridleway or other public land?
✓ Yes○ No
If the planning authority needs to make an appointment to carry out a site visit, whom should they contact?

Pre-application Advice
Has assistance or prior advice been sought from the local authority about this application?
✓ Yes○ No
If Yes, please complete the following information about the advice you were given (this will help the authority to deal with this application more efficiently):
Officer name:
Title
First Name
***** REDACTED *****
Surname
***** REDACTED *****
Reference

Date (must be pre-application submission)
18/06/2024
Details of the pre-application advice received
'We recognise the reconfiguration and internal works to the Co-operative Store on St Mary's are both essential, as the only supermarket on St Mary's, and would likely improve the overall shopping experience for islanders and visitors alike. As you note Policy SS4 is supportive of new, and seeks to protect against the loss of existing retail particularly in Hugh Town. New residential units are supported where these are required in connection with staff accommodation needs of an existing business and are restricted as such, or are to meet a local need and again are restricted as such. In relation to material changes of use to achieve staff accommodation, then these should not displace existing uses, if storage space is still required by the business, for example. We have no objection to the principle of these proposals.'

Authority Employee/Member		
With respect to the Authority, is the applicant and/or agent one of the following: (a) a member of staff (b) an elected member (c) related to a member of staff (d) related to an elected member		
It is an important principle of decision-making that the process is open and transparent.		
For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.		
Do any of the above statements apply? ○ Yes ⊙ No		
Ownership Certificates and Agricultural Land Declaration		
Certificates under Article 14 - Town and Country Planning (Development Management Procedure) (England) Order 2015 (as amended)		
Please answer the following questions to determine which Certificate of Ownership you need to complete: A, B, C or D.		
Is the applicant the sole owner of all the land to which this application relates; and has the applicant been the sole owner for more than 21 days? Yes No		
Is any of the land to which the application relates part of an Agricultural Holding? ○ Yes ⊙ No		
Certificate Of Ownership - Certificate A		
I certify/The applicant certifies that on the day 21 days before the date of this application nobody except myself/ the applicant was the owner* of any part of the land or building to which the application relates, and that none of the land to which the application relates is, or is part of, an agricultural holding**		
* "owner" is a person with a freehold interest or leasehold interest with at least 7 years left to run.		
** "agricultural holding" has the meaning given by reference to the definition of "agricultural tenant" in section 65(8) of the Act.		
NOTE: You should sign Certificate B, C or D, as appropriate, if you are the sole owner of the land or building to which the application relates but the land is, or is part of, an agricultural holding.
