

26<sup>th</sup> September 2025Planning Department  
Council of the Isles of Scilly**TRESCO MATERIALS AND MACHINERY STORE  
– VARIATION OF CONDITIONS**

Dear Sir/Madam,

Enclosed is an application to vary Condition 2 of application P/25/063/FUL for the construction of a new materials and machinery store, on land adjacent to the waste site, Racket Town Road, Tresco.

Permission was granted in September 2025 for the construction of a new materials and machinery store, which included 4 rainwater harvesting tanks.

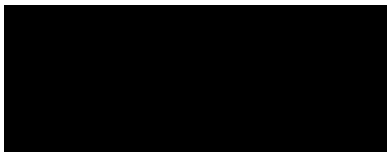

This application seeks to vary the approved plans list on this application, in order to make some minor amendments to the approved scheme.

These changes would consist of:

- Relocation of the rainwater harvesting tanks to the south elevation for practical reasons.
- Adjustment in the position of the building on site to accommodate the revised tank position.
- Change in size of rainwater tanks – larger diameter, lower in height – for practical reasons.
- The building itself would remain unchanged.

It is our belief that the proposed changes to the scheme do not affect the principle of the approved development. If you require any further information to determine the application, please do get in touch.

Yours sincerely,

**Joseph Withers**
